DUBLIN

NEW HAMPSHIRE

Annual Reports

For the Year ending December 31, 1986

University of New Hampshire
Library

ON THE COVER

The newly constructed Dublin Fire Station sets like an unveiled monument at the corner of Route 101 and the New Harrisville Road in the center of town.

While it actually moved to this location twenty four years ago from under the Town Hall, this year it nearly doubled its size to accomodate its growing need for additional space.

Now seven active safety vehicles, Pumpers, Tankers, Ladders, Power Wagon, Rescue trucks plus 25 volunteer firemen all have an extremely functional home. Even the old "Me Too" 1932 Auligree pumper has its favorite corner.

One much needed feature was the loft meeting room for muster and fire drills and special VCR courses etc., which replace the original attendance between the engines in the garage below.

Townsfolk are encouraged to view their new facility, and share the pride of having one of the best Fire Protection Safety Operations in the Monadnock region.

Robert W. Krogman

A decorative border with a repeating floral and scrollwork pattern surrounds the central text area.

ABSTRACT OF THE ANNUAL TOWN MEETING 1986
TOWN OF DUBLIN, N.H. 03444

Town Meeting was held in three sessions this year, March 11, 1986, for election of officers, March 15, 1986, for the decision of Warrant Articles and Budget. This session was opened and recessed to March 19, 1986, due to an ice storm which prevented many people from coming.

March 11, 1986, Town Hall, Dublin, N.H. Polls opened at 10:00 A.M. closed at 6:00 P.M. C. Robertson Trowbridge, Moderator, presiding. Results were as follows:

ARTICLE 1: Officers Elected: Town Treasurer for one year: Mary E. Krogman, Town Moderator for two years: C. Robertson Trowbridge, Supervisor of the Checklist for six years: Edward F. Whitney, Highway Agent for one year: Gary D. Brown, Member of the Budget Committee for two years: Nancy E. Campbell, Two Members Budget Committee for three years: John W. Harris and Peter M. Hewitt, Library Trustee for three years: Jill T. Lawler, Selectmen for three years: Robert W. Krogman, Two Members Planning Board for three years: Roy A. Johnson, Water Commissioner for three years: Mark Brening, Cemetery Committee for three years: No Candidate, Recreation Committee for three years: No Candidate, Moderator Contoocook Valley School District for one year: Harvey Chandler, Member Contoocook Valley School Board for three years: John Pierce.

ARTICLE 2: "Shall the Town accept the provisions of RSA 53-B;1 to 11 inclusive providing for the establishment of a regional refuse disposal district together with the towns of Chesterfield, Harrisville, Marlborough, Nelson, Roxbury, Surry, Swanzey, Troy and Westmoreland and the City of Keene, and the construction, maintenance and operation of a regional refuse disposal facility by said district in accordance with the provisions of a proposed agreement filed with the Selectmen." (Recommended by the Budget Committee). This article was on the ballot and passed 264 YES to 38 NO.

ARTICLE 3: Officers chosen by voice vote: Measurer of Wood and Bark: Brian Barden, Memorial Day Committee: Brian Barden, Daniel J. Walsh and Robert O. Blanchette.

ARTICLE 4: Moved the Reports of Agents, Auditors, Committees be accepted as rpted. Moved by Daniel Walsh that the Selectmen provide to each Dublin property owner a printed addendum to the 1985 Town Report of all additions, deletions and changes to property assessments that have occurred since the 1984 Property Tax Listings. Further, that all property assessment changes be a part of subsequent annual Town Reports

unless the entire Invoice and Valuation Report is printed separately. This motion failed and the original motion carried.

ARTICLE 5: Moved that the Town vote to accept certain Trust Funds as follows:

Betsey Bernier Lot	\$200.00
Paul & Nancy Lehmann Lot	\$200.00
Betty Nazelrod Lot	\$400.00
Brian & Lucille McDonald Lot	\$200.00
William & Nancy Pellerin Lot	\$200.00
Alice, Gertrude & Harry Rowe Lots	\$300.00
	CARRIED

ARTICLE 6: Moved that the Town vote to change the position of Road Agent from an elected office for a one year period to an appointed position by the Selectmen to become effective March 11, 1987 or take any other action relating thereto. CARRIED 100 YES to 72 NO.

ARTICLE 7: Moved that the Town vote to raise and appropriate the sum of \$16,204.00. (Sixteen Thousand Two Hundred Four Dollars) for the purchase of a one ton pickup with plow of which \$13,739.00, (Thirteen Thousand Seven Hundred Thirty Nine Dollars) to be withdrawn from the Revenue Sharing account and the remaining \$2,465.00, (Two Thousand Four Hundred Sixty Five Dollars) to be raised by taxation. FAILED by 81 YES to 91 NO.

ARTICLE 8: Moved that the Town vote to raise and appropriate the sum of \$9,591.00 (Nine Thousand Five Hundred Ninety-One Dollars) for the purpose of upgrading the street lights or take any other action relating thereto. (Recommended by the Budget Committee). FAILED.

ARTICLE 9: Moved that the Town vote to authorize the Selectmen to appoint members of the Recreation Committee commencing with the first vacancy after March 11, 1986, or take any other action relating thereto. CARRIED.

ARTICLE 10: Moved that the Town vote to adopt the following bylaw: The owner of any building located within the Town of Dublin shall be responsible for any fire alarm relating to such owner's building, given or sent to the Dublin Fire Department, whether or not such owner has given or sent or authorized the giving or sending of the alarm. There shall be imposed on the said owner and administrative fee of \$100.00 (One Hundred Dollars) for each false fire alarm relating to each such building in excess of three false fire alarms given or sent in any one calendar year, payable to the Town of Dublin. The term false fire alarm means an alarm negligently given or

or sent and an alarm resulting from mechanical defect or malfunction, where no actual fire exists. CARRIED.

ARTICLE 11: Moved that the Town vote to increase the salary of Fire Chief by \$2,000.00 (Two Thousand Dollars) and the 2 Deputies salaries by \$100.00 (One Hundred Dollars) each. (Not recommended by the Budget Committee). CARRIED.

ARTICLE 12: Moved that the Town vote to raise and appropriate the sum of \$13,150.00, (Thirteen Thousand One Hundred Fifty Dollars) for the salary of Third Full Time Police Officer. (Not recommended by the Budget Committee). FAILED.

ARTICLE 13: Moved that the Town vote to raise and appropriate the sum of \$1,701.00, (One Thousand Seven Hundred One Dollars) to fulfill the terms and conditions required by the Ashuelot Valley Refuse Disposal District for new members entering the District. (Recommended by the Budget Committee). CARRIED.

ARTICLE 14: Moved that the Town vote to authorize the Selectmen to borrow at terms deemed to be in the best interest of the Town a sum not to exceed \$27,500.00 (Twenty Seven Thousand Five Hundred Dollars) for the new addition to the Fire Station (\$25,850.00 recommended by the Budget Committee and \$1,650.00 not recommended). The \$27,500.00 CARRIED by 131 YES to 5 NO.

ARTICLE 15: Moved that the Town vote to raise and appropriate the sum of \$48,000.00 (Forty Eight Thousand Dollars) to be placed in the Capital Reserve, to be allocated against Capital Reserve Accounts as follows:

CAPITAL RESERVE ACCOUNT	AMOUNT
Highway Equipment	\$ 14,000.00
Fire Equipment	22,000.00
Police Cruiser	6,000.00
Cemetery Enlargement	6,000.00

(Recommended by the Budget Committee) CARRIED
UNANIMOUSLY

ARTICLE 16: Moved that the Town renovate and improve the present Post Office building and grounds, and improve proposed common driveways and parking facilities on adjoining land to the east (Provided that the Town shall first secure an easement for such driveways and parking facilities deemed by the Selectmen to be in the best interest of the Town) and authorize the Selectmen: (a) to borrow a sum not to exceed \$95,000.00, at terms deemed by the Selectmen to be in the best interest of the Town, to be used for such renovations and improvements, and (b) to execute a lease of all or parts of said building, grounds, driveways and facilities, with the

United State Postal Service on terms and conditions deemed by the Selectmen to be in the best interest of the Town, provided that contributions may be accepted for the purpose, and that the repayments and interest on the borrowing called for. Moved by Isabel Clukay to amend motion by adding: "If, however, the Postal Department does not agree to pay sufficient rent over a ten year period to repay the \$95,000.00 plus the interest on that sum, the entire appropriation (\$95,000.00) will be considered null and void". Amendment FAILED 87 YES to 118 NO. Original Motion CARRIED 169 YES to 49 NO.

ARTICLE 17: Moved that the Town vote to authorize the Selectmen to instruct the Trustees of Trust Funds to close out the Real Estate Revaluation Capital Reserve Fund, principal and interest as of date of transfer, to be transferred to the active Capital Reserve Fund Fire Equipment. CARRIED 106 YES to 0 NO.

ARTICLE 18: Moved that the Town vote to authorize the Selectmen to instruct the Trustees of Trust Funds to close out the Sidewalk Capital Reserve Fund, principal and interest as of date of transfer, to be transferred to the active Capital Reserve Fund Fire Equipment. CARRIED 103 YES to 0 NO.

ARTICLE 19: Moved that the Town accept the Budget submitted by the Budget Committee together with any changes which have already been approved and raise and appropriate the sum of \$682,453.00 (Six Hundred Eighty Two Thousand Four Hundred Fifty Three Dollars) which represents the total appropriations approved by this Town Meeting. CARRIED.

ARTICLE 20: Moved that the Town vote to oppose the burial, storage, transportation and production of high level radio-active waste in the Town of Dublin and State of New Hampshire; and to call upon Congress to conduct and independent investigation with full public participation into the feasibility and prudence of the U.S. Department of Energy's (DOE's) present plan to dispose of radio-active waste and into the DOE's competence to carry out such a plan. CARRIED.

ARTICLE 21: Moved that the Town vote to discontinue that portion of Parker Hill Road so called from its junction at 101 South to the Old Marlborough Road in accordance with RSA 231:43. CARRIED.

ARTICLE 22: Moved that the Town authorize the Tax Collector to accept prepayment of taxes. CARRIED.

ARTICLE 23: Moved that the Town authorize the Selectmen to administer and dispose of any Real Estate acquired by Tax

Deed. CARRIED.

ARTICLE 24: Moved that the Town vote to accept Legacies and Gifts to the Town in trust or otherwise by any individual or individuals. CARRIED.

ARTICLE 25: Moved that the Town vote to authorize the Selectmen to apply for, to accept and expend in behalf of the Town or any Department thereof, in accordance with RSA 31:95b any and all money from the State, Federal or other governmental unit or any private source which may now or hereafter be forthcoming, over and above the total appropriation voted by the Town. CARRIED.

ARTICLE 26: Moved that the Town vote to authorize the Selectmen to borrow money in anticipation of taxes. CARRIED.

MEETING ADJOURNED AT 11:55 P.M.

Respectfully submitted,

Anita J. Crowell, C.M.C.
Town Clerk/Tax Collector

**TOWN OF DUBLIN
DUBLIN, NEW HAMPSHIRE 03444
TOWN WARRANT**

To the inhabitants and voters of the Town of Dublin qualified to vote in Town Affairs: You are hereby notified that the polls will be opened at the Town Hall Lower Meeting Room from 10:00 A.M. to 6:00 P.M. on Tuesday, March 10, 1987, to ballot for Town Officers (Article 1) and other questions required by law to be decided by ballot (Article 2).

Pursuant to the authority of RSA 39-2a and the vote of the Town on March 13, 1979, all business other than ballot questions, will be recessed until March 14, 1987 at 10:00 A.M. at the Dublin Consolidated School to act upon the following: (Except Article 1 and Article 2).

ARTICLE 1

"To bring in ballots for the following officers:"

ONE YEAR TERM

Town Treasurer

TWO YEAR TERM

(1) One Member Planning Board

THREE YEAR TERM

Selectman, Trustee of Trust Funds, Water Commissioner, Library Trustee, Cemetery Committee, (2) Two Members Budget Committee, (2) Members Planning Board.

ARTICLE 2

"To see if the Town will vote to amend the Zoning Ordinance as proposed by the Planning Board, or take any other action relating thereto. (By Ballot)"

Amendments to the Zoning Ordinances and Land Use Regulations of the town of Dublin

Are you in favor of the adoption of Amendment Number 1 as proposed by the Planning Board for the town zoning ordinance as follows:

1. Amend the Dublin Zoning Map, Article II entitled "Establishment of Districts", and Article VIII entitled "Table of Use Regulations" to provide that the Town of Dublin is divided into four (4) districts including:

1. Village District,
 2. Family District,
 3. Neighborhood Commercial District, and
 4. Rural District;
- and to define the Districts on the Dublin Zoning Map as follows:

(Description of boundaries and map showing proposed districts is posted in voting area of Dublin Town Hall.)

and to regulate the Table of Uses of land, buildings and structures in the four (4) districts as follows: ("F" in the Table of Use Regulations indicates Family District.)

NP	NP	SE	SE

and amend the Zoning Ordinance by adding a new Article IV.A as follows:

"FAMILY DISTRICT.

A. Uses permitted.

In the family district, buildings may be erected, placed, altered or used and may be used or occupied only for the purposes listed in Article VIII, "Table of Use Regulations" under column "F" = Family District.

B. Lot Area and Setback requirements.

1. Acreage.
All lots shall be of sufficient size to provide adequate water supply and sewage facilities but in no case shall the lot be less than 2 acres for single family dwellings and 2 acres for two family dwellings.
2. Frontage.
Each lot shall have a minimum frontage of at least two hundred fifty (250) feet, with a minimum depth of at least two hundred (200) feet from the front property line.
3. Setback.
No dwelling shall be erected or placed closer than thirty-five (35) feet from the boundaries of the lot on which it is to be located.

C. Signs.

1. Signs pertaining to lease, or sale of a lot or building shall be limited to one (1) per location, or one (1) for each two hundred and fifty (250) feet of road frontage and may not exceed four (4) square feet in area.
2. No lighted or illuminated signs are allowed.
3. Temporary signs (see definition) may not be placed more than two (2) weeks in advance of the special event and must be removed not later than one (1) week after the event is concluded.
4. No entity may erect a TEMPORARY SIGN for more than a total of fifty (50) days in any one calendar year."

(This article expands the Village District and the Neighborhood Commercial District, and it creates a new Family District and establishes a new Table of Use for all districts.)

YES []

NO []

Are you in favor of the adoption of Amendment Number 2 as proposed by the Planning Board for the town zoning ordinance as follows:

2. Amend Article III (c) by adding the following new sentence:

"No outdoor storage of goods, materials, or supplies held for sale or use in a trade or business shall be permitted unless appropriately screened from public view in a manner to be prescribed in each case by the Board of Adjustment"

(This amendment is intended to control unsightly stockpiles of material.)

YES []

NO []

Are you in favor of the adoption of Amendment Number 3 as proposed by the Planning Board for the town zoning ordinance as follows:

3. Amend Article III by deleting the existing paragraph F and substituting therefor the following:

"F. Superimposed on all Districts established under Article II is a Shoreland Conservation Zone. All land within one hundred (100) feet of the following bodies of water shall be included in this zone: Stone Pond, Howe Reservoir, Dublin Lake, Frost Pond, W ight Pond, Dark Pond, Mud Pond, and Thorndike Pond.

1. Cutting or removal of live trees or shrubs within the Shoreland Conservation Zone is prohibited except that which:
 - a. is necessary for reasonable maintenance of the property;
 - b. will not cause erosion or retardation of natural runoff, or adversely affect natural beauty;and provided that:
 - c. no more than one opening thirty (30) feet in width shall be clear-cut for each one hundred (100) feet of natural shoreline;
 - d. any vegetation removed shall be replaced with suitable native vegetation.
2. Within seventy-five (75) feet of the shoreline of any of the above mentioned bodies of water, no agricultural or other practice shall be permitted which may result in the runoff of manure, fertilizer, pesticides, soil or sediment.
3. No existing building or struture within the Shoreland Conservation Zone shall be expanded except by special exception of the Board of Adjustment. The Board of Adjustment may allow such expansion of an existing building or structure after review of plans showing location, layout, and utilities if it finds that:
 - a. The applicant has obtained all necessary approvals of the New Hampshire Water Supply and Pollution Control Board and of the N.H. Wetlands Board for the proposed use, and for any existing or reconstructed septic system associated with said use.
 - b. site and soil conditions and land area are adequate for installation of a replacement sewage disposal system should the existing or reconstructed system malfunction or fail.
 - c. Erosion or sedimentation caused by construction will not adversely affect any of the above mentioned bodies of water.
 - d. The location, character and appearance of the structure will not substantially diminish values of surrounding properties or tend to create a nuisance.

4. No new building or structure shall be built within the Shoreland Conservation Zone except by special exception of the Board of Adjustment after review of plans indicating that:
 - a. such building or structure has no running water and is incapable of use as a habitation.
 - b. erosion or sedimentation caused by construction will not adversely affect any of the above mentioned bodies of water, and all necessary permits have been received from the N.H. Wetlands Board.
 - c. the location, character, and appearance of the structure will not substantially diminish values of surrounding properties or tend to create a nuisance.

(This article is directed toward the preservation of the water quality of the bodies of water mentioned and the scenic beauty associated with them.)

Are you in favor of the adoption of Amendment Number 4 as proposed by the Planning Board for the town zoning ordinance as follows:

4. Amend Article III (G) by deleting the phrase:

"...at the rate of two hundred (200) square feet per automobile, plus maneuvering room." (See definition of "Parking Space")

(This amendment reduces parking space requirements, taking into consideration that smaller cars are more prevalent today.)

YES []

NO []

Are you in favor of the adoption of Amendment Number 5 as proposed by the Planning Board for the town zoning ordinance as follows:

5. Amend Article III (H) by deleting same and by substituting therefor the following:

"H. SIGNS:

1. Only signs advertising a business in the Town of Dublin shall be permitted, and such signs may only be placed on the premises of that business establishment.
2. Signs that emit odor, vapor, noise, or sound are not permitted.
3. No sign shall be erected which moves in any manner or uses animated, moving or flashing lights. No neon or tubular glass signs may be used.
4. Temporary, non-advertising, traffic, or municipal signs which shall be approved by the Selectmen are exempt from these regulations. See definition of "Temporary".
5. No sign shall be erected in such a manner as to obstruct free and clear vision of automobile or pedestrian traffic or by reasons of position shape, color or wording interferes, obstructs the view of, or may be confused with, any authorized traffic signs, or device.
6. No sign or advertising device affixed to vehicles or trailers and allowed to remain on any premises with an intent to serve as a sign shall be permitted.
7. No sign whether or not a WALL SIGN or FREE-STANDING sign involving a building or structure shall exceed fifteen (15) feet in height from the normal, undisturbed level of the ground to the top of the sign, and no supporting structure for a sign may be greater than seventeen (17) feet above ground level. See definition of "WALL SIGN" and "FREE STANDING SIGN."
8. Signs may be (2) two-sided only.
9. Every sign shall be of durable material and maintained in good condition at all times.
10. Advertising signs shall be permitted as designated under the various districts in the Town of Dublin.
11. Whenever a particular business ceases to operate at a particular location all signs relating thereto shall be removed within 60 days.
12. Directional signs relating to a business or Home Occupation operated in the Town of Dublin shall be permitted provided that:
 - a. said directional sign for any one (1) enterprise does not exceed four (4) square feet in area,
 - b. said directional sign contains only the name of the business, and distance to the site
 - c. said directional sign is limited in number to a total of two (2) per business or Home Occupation unless more are authorized by the Selectmen.
13. No sign illumination which throws light directly onto any street or highway, onto any adjacent property, onto any building being used in whole or part for a residence, or upward to the sky are permitted.
14. Political advertising in connection with an election or referendum is considered a sign, and may be erected not more than sixty (60) days in advance of the vote and must be removed by the candidate or agent not later than four (4) days after the vote.
15. In this Ordinance, the following terms shall have the following meanings:

Definitions:

- | | |
|------------------------|--|
| 1. SIGN: | Any permanent or temporary structure device, letter, word, model, banner, pennant, insignia, or representation used as, or which is in the nature of, and advertisement, announcement, or direction. |
| 2. WALL SIGN: | All painted signs on a building or flat signs which are placed against a building or other structure and extend less than twelve (12) inches beyond a building. |
| 3. FREE-STANDING SIGN: | Sign supported by poles/pylons, uprights, frames, supports, wheels, braces and/or cables and placed upon the ground or attached to the roof or side of any building. |
| 4. TEMPORARY SIGNS: | Signs for <u>special events</u> such as but not limited to yard sales, church bazaars, Boodmobile, etc. are considered temporary. Banners or streamers are considered temporary signs. |

(This article gives many more specifics regarding the erection of signs in all districts in Dublin.)

NO []

Are you in favor of the adoption of Amendment Number 12 as proposed by the Planning Board for the town zoning ordinance as follows:

12. Amend Article X (G) (7) by deleting same and by amending article III entitled general provisions to include a new section O as follows:

"O. Home occupation, activities may be allowed providing that such use meets the following criteria and other requirements of this ordinance.

- a. Such home occupation shall clearly be secondary to the use of the building for dwelling purposes.
- b. No outside display or storage of merchandise or equipment shall be permitted.
- c. The number of persons employed at any one location shall not number more than two persons in addition to the family inhabiting the dwelling.
- d. All home occupation activities shall be conducted wholly within the principal dwelling and attached garage and the exterior residential appearance of the dwelling shall not be altered."

(This amendment is intended to clarify the extent of home occupation activities permitted.)

YES []

NO []

Are you in favor of the adoption of Amendment Number 13 as proposed by the Planning Board for the town zoning ordinance as follows:

13. Amend Article XVI entitled "Definitions" by adding the following new definitions:

Agriculture (see Farm)

Bed and Breakfast

means any building or portion thereof, where lodging is offered to transient guests for compensation and in which there are less than five (5) guest sleeping rooms with only breakfast provided.

Business/Commerce

means the selling of accommodations, food, goods, articles, materials, services, etc.

Camp

a tent, cabin, etc., or a group of such structures, usually in the country, for vacations or outings and the ground or area so employed.

Church

means a building set apart for public worship.

Clinic

a facility which provides medical care and services for humans, on an outpatient basis.

Condominium

a legal form of ownership of real property, usually individual ownership of a dwelling unit in a multi-unit development where some rights are held in common by the residents of that development.

Day Care Center/Nursery/
Child Care Facility

a place where preschool children are cared for temporarily in their parents' absence. This is not intended to prohibit the care of school age children temporarily in their parents' absence.

Dormitory

a building containing rooms or suites, sanitary facilities, and with or without kitchen and dining facilities, for temporary occupancy by individuals attending educational, military, medical institutions or the like.

Dwelling

a building used in whole or in part for human habitation.

Farm

the primary use of land for horticulture, agriculture, and the raising of insects, fish, and birds. Includes but is not limited to: residences for the owner, occupants and farm workers, silos; machine sheds; greenhouses; housing for animals, and other outbuildings, as well as the raising and selling of farm animals or products.

Frontage

See Article III, Section N. Frontage Requirements

Home Occupation

any use conducted entirely within a dwelling and attached garage and carried on by no more than two (2) persons in addition to the family inhabiting the dwelling, which use is clearly incidental and secondary to the use of the dwelling for living purposes and does not change the character thereof. No outside display or storage of merchandise or equipment shall be permitted.

Hotel or Inn

means any building or portion thereof, where lodging is offered to transient guests for compensation and in which there are sleeping rooms with no cooking facilities in an individual room or apartment.

Industry	means any building or land area in which industrial operations or manufacturing, processing, assembly, packaging, finishing, treating, compounding, research, or testing take place.
Institution	an establishment, especially one of a public character, or one affecting a community.
Parking Space	an area with a minimum of one hundred sixty-two (162) square feet, exclusive of driveways and maneuvering space, permanently reserved for the temporary storage of one automobile and connected with a street or alley by a driveway which affords satisfactory ingress and egress for automobiles.
Restaurant & Eating Places	<ol style="list-style-type: none"> 1. <u>Cafeteria, Sandwich Shop, Coffee Shop.</u> Eating places serving primarily light meals where the customer normally sits at a table or counter to consume the food. 2. <u>Drive-in Eating Places, Fast Food Establishments, Refreshment Stands.</u> Eating places where the customer can, or customarily can, eat either outside the building or within a car whether or not service is provided to the customer in a car. 3. <u>Restaurant-Eating Place.</u> An establishment serving food and beverages offered to the customer for consumption at tables within the establishment by waiters or waitresses and where there is no self service.
Schools & Educational Institutions	<ol style="list-style-type: none"> 1. <u>College.</u> A school offering predominately academic courses primarily to students of post high school equivalency. 2. <u>School.</u> An educational institution offering courses leading to diplomas, transcripts or other evidences of accomplishment that are recognized by Public Education Bodies (such as Contoocook Valley School District or the University of New Hampshire) as equivalent to diplomas, course completions or other certifications issued by such Public bodies. 3. <u>Trade School.</u> A school whose principal course identification is in a vocational or technical field (such as automechanics, woodworking, computer programming, music), the conduct of which courses might impact by noise, odor or other environmental concerns on the public or neighborhood. 4. <u>Kindergarten.</u> A school for children usually age 6 or under, for the development of basic skills. 5. <u>Other Educational Institution.</u> An educational institution not covered under the definition of school or college.
Shore or Shoreline	means the seasonal high water line.
Other Words & Phrases	Words and phrases not defined in this Section but defined in other Codes and Ordinances of the Town will have meanings as defined by those Codes and Ordinances unless a contrary intention clearly appears.

(This article adds definitions of various terms used in the ordinance.)

YES []

NO []

Are you in favor of the adoption of Amendment Number 14 as proposed by the Planning Board for the town zoning ordinance as follows:

14. Amend Article XVI (A) (4) by deleting same. Add to Article III a new Section N. FRONTAGE REQUIREMENTS

"Frontage - the length of the lot bordering on a public road including all town, state, and federal highways.

For lots having no frontage on a public road (including all town, state, and federal highways), the Board of Adjustment may permit special exceptions to the stated frontage requirements for residential use only if each such lot has access to a public road, (including all town, state, and federal highways) provided by a permanent private right-of-way not less than fifty (50) feet in width. Such right-of-way shall be located and configured so as to be suitable for future accommodation of a public road. Each such lot shall have frontage on the right-of-way equivalent to the stated frontage requirement for the district in which the property is located. Lot area and all set back requirements shall be based on the lot dimensions excluding the area designated as the private right-of-way. All set back dimensions shall apply with reference both to the right-of-way and to any public road abutting the lot. No more than two (2) lots shall be served by the private right-of-way. No such special exception shall be granted under any circumstances unless the property to be burdened by such private right-of-way shall have the full frontage required in the district where the property is located."

(This article continues to permit minor subdivisions to occur on private roads in Dublin, but with more restrictions.)

YES []

NO []

ARTICLE 3

"To hear the reports of Agents, Auditors, Committees, heretofore chosen and to pass any vote relating thereto."

ARTICLE 4

"To see if the Town will vote to accept certain Trust Funds as follows:

John & Alice McKenna Lots	\$400.00
Harold & Isabele Clukay Lots	\$200.00
Sheila H. Niemela Lot	\$200.00
Roy & Lorraine Johnson Lots	\$200.00
Cecile R. Pellerin Lot	\$200.00
Ralph Perkins Jr. Lot	\$200.00
Marion H. Bardis Lot	\$200.00

ARTICLE 5

"To see if the Town will vote to raise and appropriate the sum of \$4,000.00 (Four Thousand Dollars) for the replacement of the hot water boiler in the Dublin Public Library or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 6

"To see if the Town will vote to expend the sum of \$13,000.00 (Thirteen Thousand Dollars) for the purchase of a new Police Cruiser of which \$10,800.00 (Ten Thousand Eight Hundred Dollars) plus interest is to be withdrawn to close the Revenue Sharing Account and the remaining funds required are to be withdrawn from the Capital Reserve Account Police Cruiser, or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 7

"To see if the Town will vote to raise and appropriate the sum of \$8,800.00 (Eight Thousand Eight Hundred Dollars) for the equipment and installation of a Fire Alarm System for the Dublin Town Hall, or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 8

"To see if the Town will vote to raise and appropriate the sum of \$5,000.00 (Five Thousand Dollars) for the removal of the metal at the Dublin Landfill or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 9

"To see if the Town will vote to authorize the Selectmen to borrow at terms deemed by the Selectmen to be in the best interest of the Town a sum not to exceed \$34,000.00 (Thirty Four Thousand Dollars) to be used for the purchase of a new Backhoe for the Dublin Highway Department or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 10

"To see if the Town will vote to purchase a new Grader for \$90,000.00 (Ninety Thousand Dollars) of which the Town would authorize the Selectmen to borrow a sum not to exceed \$37,000.00 (Thirty Seven Thousand Dollars) at terms deemed by the Selectmen to be in the best interest of the Town and the remaining \$53,000.00 (Fifty Three Thousand Dollars) is to be withdrawn from the Capital Reserve Account Heavy Highway Equipment or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 11

"To see if the Town will vote to expend the sum of \$21,000.00 (Twenty One Thousand Dollars) for the Cemetery Enlargement Project, and to raise and appropriate the sum of \$14,200.00 (Fourteen Thousand Two Hundred Dollars) for such purpose, and to withdraw the remaining \$6,800.00 (Six Thousand Eight Hundred Dollars) plus interest to close the Capital Reserve Account Cemetery Expansion or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 12

"To see if the Town will vote to authorize the Selectmen to instruct the Trustees of Trust Funds to create the Capital Reserve Account Road Construction provided the funds to be allocated to this account are passed at this Town Meeting or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 13

"To see if the Town will vote to raise and appropriate the sum of \$75,000.00 (Seventy Five Thousand Dollars) to be placed in the Capital Reserve Accounts, to be allocated as follows:

CAPITAL RESERVE ACCOUNT	AMOUNT
Heavy Highway Equipment	\$ 25,000.00
Fire Equipment	\$ 20,000.00
Police Cruiser	\$ 5,000.00
Road Construction	\$ 25,000.00

or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 14

"To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes or take any other action relating thereto."

ARTICLE 15

"To see if the Town will authorize the Selectmen to administer and dispose of Real Estate acquired by Tax Deed or take any other action relating thereto."

ARTICLE 16

"To see if the Town will vote to authorize the pre-payment of taxes and to authorize the Tax Collector to accept payments in pre-payment of taxes in accordance with RSA 80:52, or take any other action relating thereto."

ARTICLE 17

"To see if the Town will vote to accept Legacies and Gifts to the Town in trust or otherwise by any individual or individuals or take any other action relating thereto."

ARTICLE 18

"To see if the Town will vote to authorize the Selectmen to apply for, to accept and expend in behalf of the Town or any Department thereof, in accordance with RSA 31:95B any and all money from the State, Federal or other governmental unit or any private source which may now or hereafter be forthcoming

over and above the total appropriation voted by the Town or take any other action relating thereto."

ARTICLE 19

"To see if the Town will vote to raise and appropriate the sum of \$15,000.00 (Fifteen Thousand Dollars) for a Professional Planner to provide assistance to the Dublin Planning Board or take any other action relating thereto."
(Recommended by the Budget Committee)

ARTICLE 20

"To see if the Town will vote to authorize the Planning Board under RSA 674:5 to prepare and amend a recommended program of municipal capital improvements projects over a period of at least six years or take any other action relating thereto."

ARTICLE 21

"To see if the Town will vote to adopt the following policy concerning the office of Town Clerk/Tax Collector for the three year term commencing March 9, 1988:

(a) The compensation of the Town Clerk/Tax Collector during the said term shall not exceed \$6,000.00 (Six Thousand Dollars) per year, in addition to statutory fees;

(b) The foregoing compensation limitation shall not be increased or decreased during the said term, except that, should the Town vote to abolish the Resident Tax, the compensation of the Town Clerk/Tax Collector thereafter shall be reduced to a rate not to exceed \$5,000.00 (Five Thousand Dollars) per year, in addition to statutory fees;

(c) The office of the Town Clerk/Tax Collector shall be open for the transaction of public business not less than nine and one-half hours per week;

(d) the adoption of this policy shall not be construed as an appropriation;

or take any other action relating thereto."

ARTICLE 22

"To see if the Town will vote to accept the Budget submitted by the Budget Committee and to see what sum the Town will vote to raise and appropriate in relation thereto, or take any other action relating thereto." (Recommended by the Budget Committee)

ABSTRACT OF THE SPECIAL TOWN MEETING - 1986
HELD SEPTEMBER 9, 1986

September 9, 1986, Town Hall, Dublin, N.H. Polls opened at 10:00 A.M., by C. Robertson Trowbridge, Moderator, presiding. Results of the following article were by ballot. Polls closed at 6:00 P.M.

ARTICLE I
PROPOSED AMENDMENT TO ZONING ORDINANCE
AND LAND USE REGULATIONS

Are you in favor of the adoption of amending the Dublin Land Use Regulations by adding a new Article XIX entitled "Growth Management: Interim Regulation", RSA 674:23, as proposed by the Planning Board for the Town Zoning Ordinance and Land Use Regulations, said article to read as follows:

ARTICLE XIX - Growth Management: Interim Regulation

Section 1. Authority. Pursuant to the provisions of RSA 674:23, the Town of Dublin hereby enacts Interim Growth Management Regulations.

Section 2. Statement of Need. Prior to 1985 Dublin's growth rate was within a normal range. During 1980 through 1984 Dublin averaged slightly more than six (6) building permits annually. The growth problem surfaced in 1985 when twenty-two (22) building permits were approved. This trend has continued during the first six months of 1986 with ten (10) building permits approved and two (2) more pending. This means that during the past year and a half the number of new dwelling units represents a 4 to 5 fold increase over the average of the previous five years. Also, during the past six months, in addition to the 12 building permit request, 21 more lots have come before the Planning Board for either informal discussion or are pending approval. In addition at least four (4) large tracts of land have just been purchased or have had inquiry with regard to subdivision or development. Such rapid, uncontrolled growth will have a serious detrimental effect upon the Town's ability to meet the needs of the citizens. Furthermore, the Contoocook Valley Regional School District, and especially the Contoocook Valley Regional High School will be sorely taxed to accommodate the additional students created by such sudden growth.

Section 3. The purpose of the Article are as follows:

- a. To insure that Dublin's rate of growth to be

experienced in the coming years does not unreasonably interfere with the Town's capacity for planned orderly expansion of its services to accommodate such growth.

- b. To authorize and provide time for the Planning Board to complete revisions of Dublin's 1979 Comprehensive Plan, including a capital improvement program of at least six years and growth management process under the provisions of RSA 674:22, 674:6 and RSA 674:3.
- c. To authorize and provide time for the Planning Board to propose amendments to Dublin's zoning regulations that will include growth management provisions that can be voted on at the annual Town Meeting under the provisions of RSA 675:3.

Section 4. Definitions

Dwelling Unit - For the purposes of this Article XIX a dwelling unit means one or more living or sleeping rooms arranged for the use of one or more individuals living as a single housekeeping unit with cooking, living, sanitary and sleeping facilities.

Lot of Record - For the purposes of this Article XIX a lot of record shall be land designated as a separate and distinct parcel in a legally recorded deed or plan filed in the records of Cheshire County, New Hampshire.

Section 5. Application

This Interim Regulation shall apply to all subdivision applications, including those pending and under discussion, all site plan review applications and all building permits, except as set forth below under exemptions.

Section 6. Regulation

This Interim regulation, hereby imposes the following requirements.

- a. Any lot subdivided during the period of this regulation shall not be further subdivided during this period.
- b. No existing lot of record shall be subdivided into more than three (3) resulting lots.
- c. The total number of dwelling units permitted for any subdivision, site plan, or building permit approved hereunder shall not exceed three (3).

Section 7. Exemptions

The following site plan review application, which has been submitted to the Planning Board 4/3/86, and is in process, may continue in process and shall be exempt from this Interim Regulation:

The Kingdom, Inc. 17 unit guest house on Map 1, 5, Lot 64, Old Marlborough Road.

Section 8. Duration

This article XIX shall be in force beginning at passage at a Special Town Meeting and for one (1) year following, or until the earliest effective date of an Ordinance adopted by the Town under the provisions of RSA 674:22 which addresses the unusual circumstances that prompted the adoption of this Zoning Amendment, whichever first occurs.

Section 9. Separability

If any article, section, sub section, sentence, clause or phrase of this Article XIX is for any reason held to be invalid or unconstitutional by a court of competent jurisdiction, such decision shall not effect the remaining portions of this Article and/or Town Regulations in effect at the time.

	YES	<u>264</u>
<u>ARTICLE PASSED</u>	NO	<u>66</u>

Respectfully submitted,

Anita J. Crowell CMC.
Town Clerk/Tax Collector

THE STATE OF NEW HAMPSHIRE
TOWN WARRANT
SPECIAL TOWN MEETING
(RSA 39:3, 39:4)

To the inhabitants and voters of the Town of Dublin, in the County of Cheshire, and State of New Hampshire, qualified to vote in Town Affairs: You are hereby notified that the polls will be opened at the Town Hall Lower Meeting Room from 10:00 A.M. to 6:00 P.M., on Tuesday, September 9, 1986, "to ballot for a Growth Management - Interim Zoning Regulation as an amendment to the Dublin Zoning Ordinance, required by law to be decided by ballot".

ARTICLE I
PROPOSED AMENDMENT TO ZONING ORDINANCE
AND LAND USE REGULATIONS

Are you in favor of the adoption of amending the Dublin Land Use Regulations by adding a new Article XIX entitled, "Growth Management: Interim Regulation", RSA 674:23, as proposed by the Planning Board for the Town Zoning Ordinance and Land Use Regulations, said article to read as follows:

ARTICLE XIX - Growth Management: Interim Regulation

Section 1. Authority. Pursuant to the provisions of RSA 674:23, the Town of Dublin hereby enacts Interim Growth Management Regulations.

Section 2. Statement of Need. Prior to 1985 Dublin's growth rate was within a normal range. During 1980 through 1984 Dublin averaged slightly more than six (6) building permits annually. The growth problem surfaced in 1985 when twenty-two (22) building permits were approved. This trend has continued during the first six months of 1986 with ten (10) building permits approved and two (2) more pending. This means that during the past year and a half the number of new dwelling units represents a 4 to 5 fold increase over the average of the previous five years. Also, during the past six months, in addition to the 12 building permit request, 21 more lots have come before the Planning Board for either informal discussion or are pending approval. In addition at least four (4) large tracts of land have just been purchased or have had inquiry with regard to subdivision or development. Such rapid uncontrolled growth will have a serious detrimental effect upon the Town's ability to meet the needs of the citizens. Furthermore, the Contoocook Valley Regional School District, and especially the Contoocook Valley Regional High School will be sorely taxed to accommodate the additional

students created by such sudden growth.

Section 3. The purpose of the Article are as follows:

- a. To insure that Dublin's rate of growth to be experienced in the coming years does not unreasonably interfere with the Town's capacity for planned orderly expansion of its services to accommodate such growth.
- b. To authorize and provide time for the Planning Board to complete revisions of Dublin's 1979 Comprehensive Plan, including a capital improvement program of at least six years and growth management process under the provisions of RSA 674:22, 674:6 and RSA 674:3.
- c. To authorize and provide time for the Planning Board to propose amendments to Dublin's zoning regulations that will include growth management provisions that can be voted on at the annual Town Meeting under the provisions of RSA 675:3.

Section 4. Definitions

Dwelling Unit - For the purposes of this Article XIX a dwelling unit means one or more living or sleeping rooms arranged for the use of one or more individuals living as a single housekeeping unit with cooking, living, sanitary and sleeping facilities.

Lot of Record - For the purposes of this Article XIX a lot of record shall be land designated as a separate and distinct parcel in a legally recorded deed or plan filed in the records of Cheshire County, New Hampshire.

Section 5. Application

This Interim Regulation shall apply to all subdivision applications, including those pending and under discussion, all site plan review applications and all building permits, except as set forth below under exemptions.

Section 6. Regulation

This interim regulation, hereby imposes the following requirements.

- a. Any lot subdivided during the period of this regulation shall not be further subdivided during this period.
- b. No existing lot of record shall be subdivided into

more than three (3) resulting lots.

- c. The total number of dwelling units permitted for any subdivision, site plan, or building permit approved hereunder shall not exceed three (3).

Section 7. Exemptions

The following site plan review application, which has been submitted to the Planning Board 4/3/86, and is in process, may continue in process and shall be exempt from this Interim Regulation:

The Kingdom, Inc. 17 unit guest house on Map 1, 5, Lot 64, Old Marlborough Road.

Section 8. Duration

This article XIX shall be in force beginning at passage at a Special Town Meeting and for one (1) year following, or until the earliest effective date of an Ordinance adopted by the Town under the provisions of RSA 674:22 which addresses the unusual circumstances that prompted the adoption of this Zoning Amendment, whichever first occurs.

Section 9. Separability

If any article, section, sub section, sentence, clause or phrase of this Article XIX is for any reason held to be invalid or unconstitutional by a court of competent jurisdiction, such decision shall not effect the remaining portions of this Article and/or Town Regulations in effect at the time.

YES _____
NO _____

Given under our hands this 14, day of August 1986.

Theresa A. Hastings, Chairman

John J. McKenna

Robert W. Krogman
Dublin Board of Selectmen

We, the undersigned Selectmen of Dublin certify that on the 14 day of August 1986, we posted an attested copy of the within warrant at the place of meeting specified, and like copies at the Post Office, Dublin General Store and at Carr's Store.

Theresa A. Hastings, Chairman

John J. McKenna

Robert W. Krogman

Property Taxes To Be Raised	\$ 1,205,736.00
Property Taxes To Be Raised	\$ 1,205,736.00
Less War Service Credits	- \$ 5,050.00
TOTAL TAX COMMITMENT	= \$ 1,200,686.00

This is to certify that information in the above summary was taken from Official Records and is complete to the best of our knowledge and belief.

Theresa A. Hastings, Chairman
John J. McKenna
Robert W. Krogman

We, Selectmen of Dublin, N.H. do solemnly swear that in making this invoice for the purpose of assessing foregoing taxes, we had all taxable property appraised at its full and true value as we would appraise the same in payment of a just debt from a solvent debtor.

Theresa A. Hastings, Chairman
John J. McKenna
Robert W. Krogman

Dublin Board of Selectmen

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of
the Board of Selectmen
Town of Dublin
Dublin, New Hampshire

We have examined the general purpose financial statements of the Town of Dublin, New Hampshire and the combining and individual fund financial statements of the Town as of and for the year ended December 31, 1986, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Town of Dublin, New Hampshire, at December 31, 1986, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly the financial position of each of the funds of the Town of Dublin, New Hampshire, at December 31, 1986, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining and individual fund financial statements. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the Town of Dublin, New Hampshire. Such information has been subjected to the auditing procedures applied in the examination of the general purpose, combining, and individual fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements of each of the respective funds taken as a whole.

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1986

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of these financial statements.

A. Fund Accounting

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town.

GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Included in this fund type are Federal Revenue Sharing, Conservation Commission and Special Police Donations Funds.

FIDUCIARY FUNDS

Trust and Agency Funds - Trust and Agency Funds are used to account for the assets held in trust or as agent by the Town for others.

B. Account Groups (Fixed Assets and Long-Term Liabilities)

All governmental funds and expendable trust funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other uses)

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1986

in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by other municipal entities in the State, the Town does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group. This account group is not a fund. It is concerned only with the measurement of financial position and not results of operations. Since they do not affect net current assets, such long-term liabilities are not recognized as governmental fund type liabilities. They are instead reported as liabilities in the General Long-Term Debt Account Group.

C. Basis of Accounting

The accounts of the General, Special Revenue, and Expendable Trust Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, sources of financial resources and assets are recognized when measurable and available to finance operations during the year. Uses of financial resources and liabilities are recognized when obligations are incurred from receipt of goods and services, when assessments are made by the State or in the case of judgments and claims against the Town, when there is a probability that such judgments and claims will result in liabilities, the amounts of which can be reasonably estimated. Exceptions to this general rule include: 1) accumulated unpaid vacation and sick pay, and 2) principal and interest on general long-term debt which is recognized when due. All Nonexpendable Trust and Agency Funds are accounted for using the accrual basis of accounting.

D. Budgetary Accounting

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. However, contrary to generally accepted

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1986

accounting principles, it has not been the practice of the Town to adopt an annual budget for all Special Revenue funds. The Town budget represents departmental appropriations as authorized by annual or special town meetings. The Selectmen may transfer funds between operating categories as they deem necessary. State Statutes require balanced budgets but provide for the use of beginning fund balance to achieve that end. In 1986, the beginning fund balance was applied as follows:

Unreserved Fund Balance Used To Reduce Tax Rate	\$ 48,993
Beginning Fund Balance Reserved For Encumbrances	<u>65,677</u>
Total Use of Beginning Fund Balance	<u>\$114,670</u>

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures; and are therefore reported as part of the fund balance at December 31 and are carried forward to supplement appropriations of the subsequent year. The reserve for encumbrances at December 31 consists of the following:

<u>General Fund</u>	
Cemetery Enlargement	\$ 4,095
Computer - Library	171
Library Entrance	5,000
Fire Truck Repairs	747
Highway and Bridge Construction	<u>17,558</u>
<u>Total</u>	<u>\$27,571</u>

(see Note 6 - Post Office - Bond Issue)

F. Cash and Investments

At year end, the carrying amount and bank balance of the Town's deposits was \$646,931. Of this balance, \$394,711 was covered by federal depository insurance and \$252,220 was uninsured.

State Statutes authorize the Town to invest excess funds in the custody of the Treasurer in obligations of the United States Government in savings bank deposits of banks incorporated under the laws of the State of New Hampshire, or in certificates of deposits of

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1986

banks incorporated under the laws of the State of New Hampshire, or in national banks located within this state or the State of Massachusetts. These financial statements report investments in certificates of deposit and savings bank deposits under the caption cash and equivalents.

The Town is further authorized to invest Trust Funds in obligations of political subdivisions and stocks and bonds as they are legal for investment by New Hampshire savings banks. Capital Reserve Funds must be kept separate and not intermingled with Trust Funds. Capital Reserve Funds may be invested only by deposit in savings bank deposits of New Hampshire banks, or in United States or State of New Hampshire bonds or notes.

Investments in all instances are stated at cost, or in the case of donated investments, at market value at the time of bequest or receipt. Investments at year end are as follows:

	<u>Carrying Amount</u>
Corporate Stocks	\$ 95,441
Corporate Bonds	72,190
United States Treasury Bills	<u>9,874</u>
<u>Total</u>	<u>\$177,505</u>

The market value of these stocks is approximately the cost.

G. Inventories

Inventory in the General and Special Revenue Funds consists of expendable supplies held for consumption. The cost thereof has been recorded as an expenditure at the time individual inventory items were purchased.

H. Accumulated Unpaid Vacation and Sick Pay

Vacation and sick pay may not be accumulated from year to year. Vacation and sick time are granted in varying amounts based on length of service.

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1986

I. Taxes Collected For Others

The property taxes collected by the Town include taxes levied for the Contoocook Valley School District and Cheshire County which are remitted to these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town. The payments are recorded in the General Fund as intergovernmental transfers.

J. Property Taxes

The National Council on Governmental Accounting, Interpretation 3, referring to property tax revenue recognition, requires disclosure if property taxes receivable, which are to be collected beyond a period of 60 days subsequent to December 31, 1986, are recognized on the balance sheet and not reserved. In accordance with the practice followed by other municipal entities in the State of New Hampshire, the Town of Dublin annually recognizes, without reserve, all tax receivables at the end of the fiscal year. The Town feels this practice of accrual is justified, as it more appropriately matches the liability to the school district entity at December 31, with collections which are intended to finance these payments through June 30 of the ensuing year.

Annually, the Town establishes and raises through taxation an amount for abatements and refunds of property and resident taxes, known as overlay. All abatements and refunds are charged to this account. The amount raised in 1986 was \$2,777 and expenditures amounted to \$12,027.

As prescribed by law, the Tax Collector sells at tax sale all uncollected property taxes in the following year after taxes are due. The purchaser at tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related costs due. If property is not redeemed within the two-year redemption period, the property is tax-deeded to the lien holder.

K. Interfund Transactions

During the course of normal operations, the Town has numerous transactions between funds, including expenditures and transfers of resources to provide services and fund capital outlay. The accompanying governmental and fiduciary fund financial statements reflect such transactions as transfers.

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1986

L. Interfund Receivable and Payable Balances

Individual fund interfund receivable and payable balances at December 31, 1986 were as follows:

<u>Fund</u>	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
General Fund	\$10,672	\$ 1,650
<u>Fiduciary Fund</u>		
Trust Funds	<u>1,650</u>	<u>10,672</u>
<u>Totals</u>	<u>\$12,322</u>	<u>\$12,322</u>

NOTE 2 - CHANGES IN LONG-TERM DEBT

The following is a summary of long-term debt transactions of the Town for the fiscal year ended December 31, 1986.

	<u>General Obligation Debt</u>
Long-term Debt	
Payable January 1, 1986	\$29,292
New Debt Incurred	27,500
Long-term Debt Retired	(<u>19,315</u>)
Long-term Debt	
Payable December 31, 1986	<u>\$37,477</u>

Long-term debt payable at December 31, 1986 is comprised of the following individual issues:

General Obligation Debt

1979 Fire Truck Notes due in annual installments of \$3,977.50 through 1987; interest at 5.25%	\$ 3,977
---	----------

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1986

1980 Highway Truck Notes due in annual installments of \$3,000 through 1988; interest at 7%	6,000
1986 Fire Station Addition Notes due in annual installments of \$10,000 through 1988 and a payment of \$7,500 in 1989; interest at 6.5%	<u>27,500</u>
<u>Total</u>	<u>\$37,477</u>

The annual requirements to amortize all debt outstanding as of December 31, 1986, including interest payments, are as follows:

Annual Requirements To Amortize Long-Term Debt

<u>Year Ending</u> <u>December 31</u>	<u>General Obligation Debt</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
1987	\$16,977	\$2,312	\$19,289
1988	13,000	1,243	14,243
1989	<u>7,500</u>	<u>488</u>	<u>7,988</u>
<u>Totals</u>	<u>\$37,477</u>	<u>\$4,043</u>	<u>\$41,520</u>

All debt is general obligation debt of the Town, which is backed by its full faith and credit.

NOTE 3 - CAPITAL RESERVE FUNDS

The Capital Reserve Fund balances held by the Trustees of Trust Funds at December 31, 1986 are as follows:

<u>Purpose</u>	<u>Amount</u>
Bridge Construction	\$ 473
Highway Equipment	53,921
Fire Equipment	49,663
Police Cruiser	6,604
Cemetery Enlargement	6,895
Dump/Landfill	<u>3,378</u>
<u>Total</u>	<u>\$120,934</u>

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1986

NOTE 4 - PENSION PLAN

The Town participates in the State of New Hampshire Retirement System. The Town's contribution for normal cost of the plan is based upon an actuarial valuation of the entire state plan. Since the actuarial valuation is performed on the entire state plan the amount, if any, of the excess of vested benefits over pension fund assets is not available. The Town does not have an accrued liability for past service costs. Pension costs amounted to \$2,978 in 1986.

NOTE 5 - TRUST FUNDS

The principal amount of all Nonexpendable Trust Funds is restricted either by law or by terms of individual bequests in that only income earned may be expended. The Town's Nonexpendable and Expendable Trust Funds at December 31, 1986 are detailed as follows:

<u>Purpose</u>	<u>Nonexpendable</u>	<u>Expendable</u>
<u>Town Trust Funds</u>		
Public School Funds	\$ 49,715	\$
Church Funds	23,771	
Public Assistance	63,521	53,206
Fire Company	1,712	
Cemetery Funds	<u>57,295</u>	<u> </u>
<u>Totals</u>	<u>\$196,014</u>	<u>\$53,206</u>
	<u> </u>	<u> </u>
<u>Library Trust Funds</u>		
Library Purposes	\$ -0-	\$20,974
	<u> </u>	<u> </u>

NOTE 6 - BONDS OR NOTES AUTHORIZED - UNISSUED (\$95,000)

At the March 19, 1986 Town Meeting, it was voted under Article 16 to raise and appropriate \$95,000 to renovate and improve the present Post Office building and grounds, and improve proposed common driveways and parking facilities on adjoining land to the east and authorize the Selectmen to borrow a sum not to exceed \$95,000, at terms deemed by the Selectmen to be in the best interest of the Town to be used for such renovations and improvements. As of December 31, 1986, the Town has not started this project.

SELECTMEN'S ANNUAL REPORT

The Selectmen of Dublin are pleased to report that the Town of Dublin continues to be fiscally sound, economically viable and in good material condition. The past year has been, in many ways, quite similar to most other years in the life of a Town but will be forever known as the year of study committees.

The majority of the work of the Board of Selectmen is to exercise its stewardship for a year according to the instructions provided at Town Meeting. It is assumed that the Town will be improved and in better shape at that time. No matter how difficult or complicated or how much effort our task may take at times it is business as usual when it has to be reduced to the text of an annual report.

As we look back, there are some highlights which should be mentioned:

1. The long needed addition to the Dublin Fire Station is finally completed keeping the center of Dublin a classic New England Town.
2. Gary Brown, our new Road Agent, started out the year under the worst conditions possible, an ice storm, and we would like to take this opportunity to commend him for taking the ball and running with it.
3. We are pleased to announce the appointment of David K. Whitney, Jr. as the new Cemetery Superintendent and we thank Charles Pillsbury for his many years of service.
4. Special Town Meeting resulted in a Moritorium, giving the residents of Dublin the opportunity to take appropriate measures to create zoning changes.
5. A life insurance plan has been instituted for the full time employees of the Town. Dublin has extended its coverage with New Hampshire Municipal Association for property and liability insurance and a substantial savings is anticipated.
6. We are proud of the fact that despite declining revenues from the State and Federal Government we were able to announce a modest increase in the tax rate from \$20.90 to \$21.31.

We would like to take this opportunity to thank those who donated their time and talents on the Town's behalf by serving on the Town's committees and commissions and we would also like to thank our officials and employees whose dedication to their work keeps the Town running efficiently.

Respectfully submitted,

Theresa A. Hastings, Chairman
John J. McKenna
Robert W. Krogman

REPORT OF THE BUDGET COMMITTEE

The 1986 Budget Committee met eleven times between Town Meeting and year-end. The first three meetings were held to review expenditures, since part of the Committee's responsibility is to see that departments stay within their budgets. At the next eight meetings, the Committee heard and discussed the departments' requests for 1987. In January it will finalize the 1987 budget that it will present at the Public Hearing and ultimately at Town Meeting.

The Budget Committee appreciates this opportunity to commend the Selectmen and Department Heads on their largely successful efforts to keep costs down while doing their best to make the Town safe and secure and give it the services and facilities it expects.

One of the Budget Committee's most important responsibilities each year is its salary and wage recommendations for town employees. The Town's employees are dedicated and hard-working, and the Budget Committee wants their compensation to be appropriate and competitive. This year the Committee has been fortunate to be able to refer to several recent surveys, and its recommendations are taking into account salaries and wages in New Hampshire towns that resemble Dublin. The Committee is pleased to note here that the Selectmen have made arrangements for each of the Town's six full time employees to have \$10,000 in life insurance coverage for an annual cost to the Town of only \$250.00.

Four members of the Budget Committee worked this summer to develop a draft Capital Improvements Program in response to a request from the Chairman of the committee of the Planning Board working to revise the Town's Master Plan. The draft projects some large outlays over the next ten years to repair Town roads and to buy heavy equipment for the Highway and Fire Departments. Voters may want to study the draft when it becomes available, always keeping in mind, however, that what it presents are departments' anticipated needs, all of which are subject to voter approval at Town Meetings.

The Budget Committee also wants to point out that the cost of Dublin's membership in a group of towns that will eventually be partners in a regional solid waste disposal facility escalated sharply this year. The committee believes that disposing of our solid waste is going to become more and more expensive for many years to come.

The Committee's special thanks go to its secretary, Nancy Campbell, who has done a magnificent job of writing detailed,

accurate Minutes of its meetings and in general keeping it going; to Valerie Holden, administrative assistant, for compiling figures and cooperating cheerfully; to Terry Hastings, Selectmen's representative, for her time, help and support; and to Roy Johnson and Julien McKee, Committee members whose terms expire this year.

Respectfully submitted,

Julien McKee, Chairman
Nancy Campbell, Secretary
John Harris
Peter Hewitt
Roy Johnson
Steve Knapp
Theresa Hastings, Selectmen
Representative

BOARD OF ADJUSTMENT
ANNUAL REPORT

In 1986 the Dublin Board of Adjustments acted on the following requests.

Granted a variance to Robert Begley to build an addition to his plumbing shop on Route 101. This is a non-conforming building because of the lot size and proximity to Mud Pond.

Approved a Special Exception to William Larry, Jr. to run an antique business in a building on his property which had previously been used as an office. Special Exception was required because of the change of use.

Approved a Special Exception to the Town of Dublin to convert the Women's Club into a Post Office. This Special Exception was granted provided that the well on the corner of the property would be properly protected to insure adequate water supply to the users of the well.

Denied a Special Exception to Ron and Joanne Gosselin to build a six unit apartment building on their property on Route 101.

In May a request for a Special Exception for the Kingdom to build a guest house on their property was tabled until all the necessary engineering studies and the recommendation of the health officer and planning board were available. It was determined that this new building would require significant change in the septic system used by the Kingdom and until this was completed no action would be taken by the Board of Adjustments. In September the Kingdom met all the conditions which were required and the petition was granted at that time.

Granted a Special Exception to Eve and Robert Sharkey on behalf of David and Linda Nichols to use one room of their house on Route 101 as a bed and breakfast.

Granted a variance to Robert Cormack so that he could divide his property into two lots one of which only had 215 feet of frontage.

Approved a variance for Lorna Trowbridge on behalf of the Harrisville Day Care Center to establish a day care center in the existing house on her property on the new Harrisville Road. Because it was a commercial use it would be subject to site plan review. The Board felt that the driveway would be a problem, but referred this to the Planning Board.

Granted a Special Exception for a home occupation for Daniel O'Rourke to establish a dental laboratory in his home.

Granted a Special Exception to Douglas Shattuck and Mary Jane Frohlick to build a garage on their property which is less than two acres.

During 1986 the membership of the Zoning Board of Adjustment changed dramatically. Tom Wright and Elsie Belloli who have been members of the Zoning Board of Adjustment for 9 years and 8 years respectively resigned effective January 1986. Tom who had served as chairman and Elsie as secretary made an outstanding contribution to the community in their professional handling of the Zoning Board of Adjustment issues. Tom and Elsie were replaced by Suzanne Dennis and Bob Begley. Paul Biklen resigned in June because of outside commitments. Paul has been a member of the board since March, 1979. Paul's thoughtful decisions and advice will be greatly missed. Paul was replaced by Willard Oja. They all will be greatly missed and deserve a thanks of all members of the community for their outstanding service.

Respectfully submitted,

William A. Barker, Chairman

PLANNING BOARD 1986 ANNUAL REPORT

1986 has been another very active year for the Dublin Planning Board. Regularly scheduled meetings have been held twice a month and the agendas have been crowded with requests for subdivisions and site plan reviews. In addition planning board members have attended numerous lectures, seminars, and committee meetings for one purpose or another. The Master Plan Update committee has been active but has not completed its work. The "blue book" committee has been working on recommendations for changes in zoning ordinances of the Town. And in August the Board responded to a petition from a group of citizens to introduce an interim growth regulation ordinance which was voted upon and passed at a special town meeting on Sept. 9th and remains in effect for one year unless superseded by new regulations.

The following matters were presented to the Board and action was taken as indicated:

Subdivisions:

Henry Faxon	Map 3, Lot 65	3 Lots	Withdrawn
Polly B. Caryll	Map 8, Lot 32A	2 Lots	Withdrawn
Robert Korpi	Map 4, Lot 31	14 Lots	Discontinued
Thomas Hopkins	Map 8, Lot 50	2 Lots	Approved
Robert Cormack	Map 7, Lots 4&18	2 Lots	Approved
Wayne Crockett	Map 8, Lot 4	3 Lots	Approved
Sugarbush Inc.	Map 7, Lot 46	3 Lots	Approved
John Niemala	Map 3, Lot 39A	2 Lots	Continued
Handasyd Cabot	Map 6, Lot 18	3 Lots*	Approved
Estate (with conditions)			
Albert & Aline Coutu	Map 4, Lot 34	3 Lots	Prelim. Approval
Samuel Stowell	Map 1, Lot 1	2 Lots	Prelim. Approval
(with conditions)			

Note: Number of lots includes the remaining lot and the additional lots created by the subdivision.

*Also involved was a Boundary Adjustment and Combining of lots.

Site Plan Reviews:

Norman Davis (barn)	Map 8, Lot 34	Approved
The Kingdom (guest house)	Map 5, Lot 64	Approved
Betsy K. Bernier (barn)	Map 7, Lot 47	Withdrawn
Lorna Trowbridge (day care facility)	Map 16, Lot 21	Withdrawn
Jack & Lori Kurilla (shop)	Map 7, Lot 8B	Approved
Town of Dublin (post office)	Map 17, Lots 21&22	Approved

An observation gained in this hectic year of Planning Board activity is that most of the time spent in the regular meetings was used in deliberating the current requests for subdivision and site plan review, with very little time available for long-range planning. Many citizens of the Town have become more aware of the development pressure on the Town and consequently have a heightened interest in what is going on. More long-range planning is obviously needed especially in areas of creative use of marketable land that protects the quality of the Town and still lets the owner receive maximum value from his land holdings. More professional assistance is vitally necessary in the routine business of the Planning Board and for preparing for future demands.

We thank the townspeople for their interest and cooperation in this difficult year.

Respectfully,

Joseph Wakeman, Chairman
Henry Campbell
Aline Coutu
Lois Reiss
Fred Utley
Daniel Walsh
John McKenna - Selectman Rep.

"BLUE BOOK REVISION COMMITTEE" REPORT

On July 24, 1986, the Planning Board authorized unanimously a subcommittee of the Dublin Planning Board to review and to present to the Planning Board in ballot form, changes and additions to the Dublin Regulations Affecting the Use of Land prior to the March 1987 election date. These changes/additions were to be submitted in time for adequate Public Hearings as required by law with expenses funded by the Planning Board. The Committee was to consist of two members of the Planning Board, one Selectman, one Board of Adjustment member, one Conservation Commission member, one Budget Committee member and at least six members at large from different areas and/or neighborhoods of Dublin to serve on the Committee. The committee henceforth to be called "Blue Book Revision Committee".

The Committee consisted of Elsie Belloli, Brad Brighton, Nancy Campbell, Jim Cuddihee, Norman Davis, Tom Giblin, Betsey Harris, Gordon Hutchinson, Bob Knight, John McKenna, Milt McIntyre, Lois Reiss, Fred Utley. The committee held eight general meetings and held sub-committee meetings which worked on the following Ordinances submitted. Sign Ordinance, Shoreline Conservation District Ordinance, Revised Table of Use, added Definitions, Added Family District, Increased Village and Neighborhood Districts, Maximum Height of Building Restriction, changes in requirements for Non-Conforming Uses, and expansion of Home Occupations for all districts, and changes in Parking regulations.

Other items discussed were Enforcement, Area meetings with major concerns for tax-exempt property and Board of Adjustment rulings on Special Exceptions, Soil based determination of lot sizes, increase in minimum lot areas, and the possible need for a Building Code. It was decided to defer on these items due to lack of time and expertise. It was recommended that a study committee be formed by the Selectmen to study the need for a Building Code.

Thank you to all those on the Committee that spent many hours in meetings and researched the submitted changes for the consideration of the townspeople of Dublin.

Lois F. Reiss
Chairman

PLANNING BOARD
SUB-COMMITTEE TO UPDATE THE MASTER PLAN

This Committee to update the Master Plan was organized and held its first meeting in October 1985 in the Town Hall. The Committee (a sub-committee of the Planning Board) has met monthly and sometimes semi-monthly since then to review and update the Dublin Comprehensive Planning Program dated 1979 adopted for use as a planning tool by the Planning Board in 1979. The existing Comprehensive Plan contained a section called Basic Studies that provided a base of information and data concerning land use, land classification, housing, traffic and transportation, recreation and open space, community facilities and economic development. Much of this information is still of prime importance, however it needed to be brought up to date for 1985 and 1986.

The second half of the Comprehensive Plan is a plan for use by the Planning Board to assist the Town to evaluate where it is now and where it is going in the future. The plan attempts to provide for future needs through the best use of all the assets available. The plan should examine the physical and economic environment as well as public facilities, housing, education, open space and recreation, transportation and circulation.

There has been excellent participation by a large group of Townspeople. Limited technical assistance has been provided by The Cheshire County Conservation District and the Southwest Regional Planning Commission. A consultant was engaged to present a workshop on innovative land use planning. The Planning Board and the Conservation Commission jointly prepared composite tax maps of the Town and a map indicating the soil potential rating for development in the Town, as well as a new base map of the Town road network. These maps will provide the basic tools for all land use boards as well as land owners, home buyers and developers.

In the early stages of meeting, the Committee reviewed the questionnaire sent to residents in preparation for the 1979 plan as well as a 1985 questionnaire sent to residents by the Committee that a resurvey of the Town to determine the desires of residents will be undertaken early in 1987.

The need to develop a methodology of completing the review and recording these methods for future years was recognized early in our meetings. The data from our most recent revaluation of the Town for tax purposes provides a renewed data base that will be confirmed by physical surveys. A census of the Town has been compiled for 1986.

The community facilities have been reviewed and the recent renovations to the Town Hall, the expansion of the fire station and the possible expansion of the library appear to dictate the retention of our present "Town Center." Areas requiring additional study include the need for sewer and water in the village district and the need for ground water and aquifer information for long range planning.

Transportation needs have been based on the assumption that Route 101 will be constructed in the Town Line North Corridor and is at least five years from start of construction. Although the economic area of the plan originally was scheduled for minor or slight changes; the workshop by Mr. Lemire has changed attitudes of residents appreciably and the potential for economic growth in Dublin is high at this time.

A major accomplishment in 1986 was the development of a capital improvement program for the years 1987 through 1991 that was developed by a sub-committee working with the department heads and the Selectmen to identify those expenditures for equipment and facilities with a value of greater than \$10,000 and a lifetime of more than two years. This includes major fire and highway equipment, buildings, major road repair and reconstruction and new facilities to provide services to the residents. To provide guidance to all concerned it is necessary that the Town indicate when and to what extent facilities will be improved so that some control can be affected on the timing of land development. A warrant article authorizing the Planning Board to initiate this Capital Improvement Program deserves your support at the 1987 Town meeting.

The Committee will continue to meet and work in 1987. Hopefully, public informational meetings will be held in the spring and a draft plan provided to the Planning Board in early summer so that a strong basis for growth management regulations or changes in zoning regulations can be formulated in late summer for use when our current growth management regulation expires in September 1987. All meetings of the Committee are open to the public and your comment and participation are encouraged. Help us shape our community for the future.

Respectfully submitted,

Daniel J. Walsh, Chairman

SOLID WASTE COMMITTEE

The need to remain abreast of solid waste issues on both a regional and local level promoted the formation of this committee in mid-year.

Regional Issues - In the previous (1986) Town Meeting, Dublin elected to join the 53-B Ashuelot Valley Solid Waste District which is progressing towards the establishment of a high-technology regional lined landfill to handle the collective membership's solid waste. In addition, Dublin remains a member of the 149-M Solid Waste Planning District as required by State law. Dublin's share of 53-B and 149-M dues totaling \$4,732.00 constitute the bulk of the committee's 1987 budget, and primarily reflect the cost for extensive engineering and hydrogeologic work needed to qualify and permit one of three potential landfill sites in the region (Chesterfield, Winchester or Keene). The current schedule reflects a regional landfill to be in place in 1988. At that time, Dublin's solid waste processing costs will be primarily dependent upon the amount of solid waste deposited in the landfill and the efficiency/cost of hauling. The Town of Jaffrey, which is currently accepting Dublin's solid waste, is also a 53-b and 149-M District member, and will likely close its landfill when the regional facility is on line. Issues which may be reviewed in the forthcoming year and which can have a significant cost impact to Dublin include:

- . The desirability of some form of recycling to reduce the amount of solid waste to be transferred, thereby avoiding a portion of both hauling and disposal costs.
- . The controls needed to insure that Dublin is in fact only charged for Town generated solid waste once the regional landfill is in operation and tipping fees charged for exact amounts deposited.
- . Hauling costs and methods, inasmuch as the distances involved will be greater than what we are currently experiencing.

Local Issues - Limited water testing around the periphery of the closed landfill has not indicated any toxic leachate but has shown varying levels of tested elements such as iron. The State has requested that Dublin perform additional work around the closed landfill site including a topographical survey, additional and deeper monitoring wells, and hydrogeologic studies. The Solid Waste Committee has agreed to the survey effort but does not concur with the need for additional wells or analyses until and if long range water test data

indicates a need to do so. Dublin's position was forwarded to the State in November. The Committee anticipates that its 1987 efforts will include:

- . Completion of the aforementioned survey at the old landfill site.
- . Continuation of a water testing program to monitor any leachate emissions from the capped landfill.
- . Working with the Town Road Agent, if requested, on specific items such as disposition of the metal accumulated at the transfer station.

Respectfully submitted,

SOLID WASTE COMMITTEE

James Sovik

REPORT OF THE DUBLIN ROUTE 101 BYPASS COMMITTEE
1986

1985 ended with Department of Public Works & Highways Commissioner John P. Chandler's decision of November 26, selecting the Town Line North route for the Dublin Route 101 bypass.

The decision received the reluctant acceptance of many in Dublin who had testified at the August Corridor Hearing in favor of Corridor B3, considering TLN the best possible compromise in view of the adamant opposition of Harrisville to the B3 route. However, spokesmen for the Harrisville bypass committee, and a group of Harrisville residents, immediately announced that they would not accept the decision and would fight to overturn it by every legal means. A fund was set up to cover the cost of a court challenge.

Commissioner Chandler resigned at the beginning of December 1985, and he was replaced by Wallace E. Stickney. Commissioner Stickney made it plain that he supported the Chandler decision and that he had no plans for altering it. He advised that the next step in the process would be the preparation of a Memorandum of Agreement, to be signed by the Executive Director of the Advisory Council on Historic Preservation in Washington, D.C., the Division Administrator of the Federal Highway Administration in Concord, and the N.H. State Historic Preservation Officer. Such an Agreement is designed to address adverse effects on historic resources caused by a road location, and to agree on mitigating measures which will be accomplished to reduce any harm done.

During the last six months of 1985 there had been ongoing discussions between the staff of the Department of Public Works and Highways, the State Historic Preservation Office, and the Federal Highway Administration Division in Concord. Their positions on the best bypass location, and Town Line North Corridor, adequate measures could be taken to mitigate them to an acceptable degree. The State Historic Preservation Office felt strongly that no possible mitigating measures would be adequate.

The disagreement was so sharp that the parties could not even agree on what conclusions had been reached at their various meetings, and there appeared to be a basic misunderstanding on the part of the SHPO staff on the position of the Advisory Council and National Park Service in Washington, both of which had agreed that mitigating measures were possible. The SHPO staff had stated, in a letter prepared for DRED Commissioner John T. Flanders' signature, that if Town Line

North was selected the State Historic Preservation Office would not sign a Memorandum of Agreement and would call for a full Advisory Council on Historic Preservation Review. The Council is a national body, composed of 19 members, including the Secretaries of Agriculture, Interior, Housing, Treasury, and Transportation, plus Historic Preservation experts, a Governor, a Mayor, and appointed members of the public. To get all these members together to rule on a Memorandum of Agreement would be unusual for a project of this size, and obviously entail extreme delay.

On December 27, 1985 Commissioner Stickney wrote Mr. Flanders requesting that in light of the fact that Town Line North had now been selected, would Mr. Flanders reconsider his threat to call for a full Advisory Council Review, so that negotiation of a Memorandum of Agreement could proceed. No reply was received and therefore on January 21, 1986 the Highway Dept. wrote the Federal Highway Administration, formally requesting that it begin consultation with the Advisory Council in Washington to develop such an Agreement.

From that time on, for the balance of 1986, the SHPO staff maintained the position that they would not decide whether to call for a full Advisory Council Review, or whether they would sign an Agreement, until after a draft Agreement had been worked out satisfactory to them. Nevertheless, work finally started on that document, and in February the Federal Highway Administration forwarded a draft Agreement to the Advisory Council for comments. The Council replied in general agreement with FHWA, but with specific items which it felt had to be dealt with in greater detail. The Council's reply was directed to the State Historic Preservation Office, with copies to Federal Highway which provided the Highway Dept. a copy for its comments. This process stretched out until July! The SHPO remained reluctant to join in the negotiations.

In March the Legislature gave preliminary approval for a 10 year, \$930 million highway improvement program which included a \$30 million project for the Dublin bypass. After various changes, but with the Dublin project still intact, Governor Sununu signed the bill into law in June 1986.

When Town Line North had been selected, the Harrisville opposition had claimed that they had a new ally in the Dublin School, across whose property on the east side of New Harrisville Road the corridor ran. However, Mr. Evans, Headmaster of the School, immediately stated that "we want to be aware of other groups, but that the Board feels the School's constituency and interests are unique and therefore they have made the decision not to be formally allied with other

groups". The School's position was that to protect its property it would direct its efforts, legal consultations etc. towards moving the corridor down the hill in the area of the ski tow on New Harrisville Road as far as possible toward the bottom of the property.

To that end the School engaged legal counsel and arranged for a visit and route walk with Commissioner Stickney in early August. The School explained that if the road could be moved to the bottom on its New Harrisville Road ski slope it would save the ski slope, the noise of the road would be further away from one of its student houses on the west side of New Harrisville Road, and the road would not bisect its woodlot and environmental study areas. Mr. Stickney stated that to make the shift requested it would probably mean the relocation of the entire corridor, because of the narrowness of the TLN Corridor at that location. He did not consider that a serious possibility.

In a departmental reorganization, the New Hampshire Department of Libraries, Arts, and Historical Resources had been set up early in the year with Shirley Gray Adamovich as Commissioner. In August she recommended the nomination of R. Stuart Wallace to the position of Director of the Division of Historical Resources in her new department. The nomination was approved, making Mr. Wallace head of the Office of Historic Preservation of New Hampshire, and therefore responsible for SHPO's involvement in the negotiations on the Memorandum of Agreement. Discussions continued on that document.

In late September, on the advice of its legal counsel, the Dublin School applied to the Federal Highway Administration for a determination on the possible eligibility of its property on the east side of New Harrisville Road for listing on the National Register of Historic Places, and requested that the appropriate studies be made in conjunction with the State Historic Preservation Office. The basis for this request was that the School believed that "our property, in the light of its fifty year history and unique educational value, due in large part to its setting, is eligible for inclusion in the National Register of Historic Places". Such a listing, if granted, or even if merely applied for by FHWA, would require determination of adverse effects, mitigating measures etc. with resulting delay.

Mr. Schimmoller of FHWA replied to the School's request in November, stating that for various reasons FHWA and the Highway Dept. (now called the "New Hampshire Department of Transportation") had determined that "it was not in the public interest to expend Federal funds to further evaluate the 400+ acre school property for National Register eligibility", and that this decision had been discussed with the NHSHPO and that FHWA would ask ANSHPO to concur in this decision. In early December the School wrote Mr. Schimmoller disagreeing with the reasons he had given for refusing to evaluate its request - primarily that the land in question had not been owned by the School for fifty years and

therefore "as presently constituted" the 400 acre school property did not satisfy the 50 year period of use criteria for historic listing, and also that the School's property in general had already been evaluated when most of its buildings were included in the Dublin Historic District. The School renewed its request and appealed to Mr. R. Stuart Wallace, the new director of the Division of Historic Resources of New Hampshire, for his consideration and support. Mr. Wallace was quoted in the newspapers as saying that a draft Memorandum of Agreement had been completed after a year of negotiation, but that the Dublin School's application for historic listing threatens to "throw a monkey wrench" into the process, requiring officials to start over. As December drew to a close, Wallace's decision to agree or disagree with the FHWA determination was crucial to the progress of the necessary Memorandum of Agreement.

At the end of the first week in January 1987 no decision had yet been announced. So we will have to wait for awhile to know if this long running battle will be delayed again, or whether the process will be allowed to continue.

Respectfully submitted,

Paul F. Biklen
Judson D. Hale, Sr.
Gordon R. Knight
Edward F. Whitney, Chairman

DUBLIN CONSERVATION COMMISSION ANNUAL REPORT - 1986

The Conservation Commission has spent much time this year working with other town committees to address joint problems.

Several members have attended the meetings of the Master Plan Revision Committee, working especially on the Land Use section. We have sent a questionnaire to all landowners asking for their help in identifying natural and historic features of the town which should be protected. The responses will be helpful as we continue to update our map of areas of significant conservation interest. This map will be included in the revised Master Plan. We also recommended funds for a feasibility study on a future town sewer be included in the Capital Improvements Budget.

The Conservation Commission joined with the Planning Board in October to sponsor a workshop on Creative Land Use by Robert Lemire, a well-known planning expert from Lincoln, Mass. He discussed several innovative zoning techniques which may be used to protect open space while still allowing for necessary and inevitable growth. The workshop was well attended and gave all of us involved with planning for Dublin's future much to think about.

The Commission has also been represented on the Committee to revise the Blue Book. We have drafted and submitted a Shoreland Preservation Ordinance which, if adopted, will go far to protect the water quality of our major lakes and ponds.

In addition to working with other town committees, we have had close liaison with the Selectmen who have been most helpful in alerting us when properties of special-conservation interest may be coming up for sale.

The problem of safe septic disposal always seems to take up a large proportion of our time and energy. During the year we have considered major problems at institutions, as well as many individual sites. We feel strongly that planning review for new construction sites should involve an intensive study of the suitability of the soil for waste disposal. In August we sponsored a workshop by the Cheshire County Soil Conservation Service for members of all the Town Boards involved with land use, hoping to increase awareness of this problem.

The enforcement of State and Town regulations continues to be a concern. In January, we sent a letter to all contractors doing business in the town, reminding them of the necessity of having a Dredge and Fill permit before beginning any

project involving streams or wetlands.

During 1986 the Commission also:

- Reviewed all building permits, conducting site inspections where necessary, with special attention to wetlands and steep slopes.
- Monitored conservation easements donated to the Town.
- Reviewed Dredge and Fill Permit applications and, in the case of the addition to Dublin Cemetery, asked the Wetland Board to request more detailed specifications before the project begins.
- Participated in an inventory conducted by the Society for the Protection of New Hampshire Forests, identifying potential conservation lands for the new Trust For New Hampshire Lands.
- Sent delegates to statewide workshops on Wetland Preservation, Lake Protection, and Growth Management, and a regional meeting on Household Hazardous Wastes.
- Conducted the annual Dublin Roadside Cleanup Day, which was a success despite the fact that most people were thoroughly tired of cleaning up after the ice storm. Mike Walker and Brian Barden provided delicious refreshments for the hard-working Dublin Elementary School students, and many faithful volunteers provided trucks and donated their morning to the effort.

We thank Ken Lund for his valuable help during his term on the Commission, and are pleased to report the appointment of Julie Crocker. Our meetings on the 2nd and 4th Tuesdays of the month are open to the public, and we welcome all Dubliners who would like to discuss Conservation matters with us.

Respectfully submitted:

Betsey Harris, Chairman
Julie Crocker
Mary Jane Frohlich
Alan Greene
Pierce Hollingsworth
Michael Walker

DUBLIN PUBLIC LIBRARY

In 1986 Governor John H. Sununu signed into law the Department of Libraries, Art and Historical Resources. Shirley Adamovich, former State Librarian, was appointed Commissioner of this new department. Among her many duties she is responsible for broad programs in the Statewide Library Development Program for public libraries. Certain standards and policies have to be met to become an associate library. Our library hours must be opened based on population. We increased our hours by two beginning in June 1986, three more hours have to be added to bring the weekly hours to twenty two. We plan to keep open another day of the week.

Libraries have always been encouraged to build up their collections of local history. We are proud of our early books, manila folders and pamphlets with articles on Dublin. Our collection of photographs is well known. Our maps are choice. We have bound copies of town reports beginning in 1843 to the present. Our most recent acquisition is the second edition of The Wild Flowers of Dublin, N.H. by Kathleen and Elliott Allison. They presented the library with a copy on the day of its publication, June 25, 1986.

Blanche Burnett has given the library a statue of the head of a young boy, the work of Amelia Peabody, sculptress, who "summered" in Dublin years ago. Our collection of paintings and sculpture though small, is impressive.

Our summer reading program for children used the theme, the freedom to read, with a large drawing of the Statue of Liberty, the goal to light the torch with books read. Children read with enthusiasm and encouragement from parents and the staff of the Dublin Playground. There was a substantial increase in juvenile circulation.

We held open house on a Sunday afternoon in July. Jill Lawler and Lorraine Walker exhibited hand made baskets they had made. The library party making soap bubbles and eating ice cream cones was a winner!

Our circulation for the year: Fiction 2433, Non Fiction 2946, Juvenile titles, 2267, paperbacks 723, making a total of 8369. We purchased 73 new juvenile books, 243 adult titles. We discarded 132 books. 30 films were shown for the summer program and the Preschoolers during the year. One private institution made use of the borrowed State Library films for the year. Our registration: 438 adults and 214 juveniles under 18. The copier is an added library service. Slightly over three hundred dollars was taken in for its use

at ten cents a copy.

The electric wiring has given us considerable trouble and much expense. All wiring has been corrected as well as new grounding into the building. Outdoor lights and track lighting in the stack room have been installed.

Our boiler is old, it is only 76% efficient, a faulty heating facility can be dangerous. A warrant article asks for a new boiler.

Our building, the munificent gift of Eliza Carey Farnham, was given to the town upon its completion in 1901. It is now over 85 years old. In 1968 a part of the basement was refurbished into what is now called the Gowing room. Exhibits, films, meetings open to the public, have been held in this room. Our computer will be in this area. We need more space! We need a reference area and children's room. The time has come for a complete evaluation of the structure by an architect or well qualified engineers.

Your trustees and librarian are taxpayers as well as public servants. They want value for monies spent. The library budget has no extravagencies or conflict of interests. The State figure for Dublin's population is given at 1476, and using either the 1986 or 1987 budget, averages about fifteen dollars per capita. What a bargain!

We thank the following people for volunteerism and gifts of books: Hildreth Allison, Mr. and Mrs. Elliott Allison, Brian Barden, William Bauhan, Sam Brown, Mrs. Blance Burnett, Catharene Cargell, Drs. Augustus and Julie Crocker, Mrs. Currier, Mrs. Peter Duston, Zahra Fardshiseh, Dee Fontaine and her Playground Staff, Mrs. Ruth French, Mrs. Jane Hawkins Mrs. Richard Heckman, Reverend and Mrs. Same Hale, Mrs. Peter Hewitt, Mrs. Gordon Hutchinson, Mr. and Mrs. Milton McIntyre, MOUNTAIN MESSENGER, Mrs. Julian McKee, Mrs. Peter Shonk, Mrs. Clarissa Silitch, Brett Smith, Mrs. Harrison Thayer, Mr. and Mrs. Rob Trowbridge, Mr. and Mrs. Daniel Walsh, Lorraine Walker, Thomas Wright, YANKEE.

I thank the library trustees, the library staff, patrons and taxpayers of Dublin, for making it possible to have such a good small town library.

Respectfully submitted,

Dorothy Worcester, Librarian

DUBLIN PLAYGROUND - 1986

The summer of 1986 seemed to be a very fast paced and exciting year for the Playground. Even the rain had little effect on dampening the enthusiasm of the children and staff. A total of thirty eight girls and fifty-eight boys from the ages of 5-15 signed up for one day to the full 7 weeks. All children living in or visiting relatives within the town were eligible. The program is supported by taxation and supplemented through private gifts which are put to good use.

Returning for her third summer as Head of Arts & Crafts was Wendy Wakeman who was excellent at creating crafts from scratch rather than use premade kits. For a second year Pat McKenna was in charge of the 5-7 year old group which seemed to double in one year. Bill Was getting over a tricky knee operation but did not let it mar his enthusiasm and leadership in sports. The new member of the staff was Jill Lawler who became head of special events. Jill also introduced basket weaving and 21 children made berry baskets. Jost volunteered quite actively in the beginning but her summer job interfered towards the end. Cynthia was enjoyed by the children.

Thanks to the generosity of the Dublin Community Foundation gift the Playground was able to purchase a large screen TV and video camera to supplement the video player given by the Dublin Women's Club to the Dublin Consolidated School. With this new equipment the Playground tried double features on Monday nights, starting at 6:30 P.M. with the older-rated movie being the second feature. This did not work out so once again Monday night movies will start at 7:00 P.M. with only one feature. Bill promises to pick the movies for next summer.

There were two successful reading programs going on this summer. At the library it was called "Light Up The Torch" with children reading books of their choice and adding their names and the books read, trying to cover the Statue and reach the goal of 500 books. The program is ongoing through the winter. Nell Cochrane, Jessica Lawler, and Erica Yates drew the poster at Playground for Mrs. Worcester. Reading to the children after lunch was relaxing and fun with Pat giving out stickers after the story to be added to the listeners' sticker chart, from 7-20 children would participate each day.

The library party was a big success with the children making bubbles of all sizes and shapes. The Playground videoed it and Mrs. Worcester has it if anyone is interested in seeing it.

Additions and improvements to the program cost less than fifty dollars.

- Ice cream making was lots of fun with the older children cranking one ice cream maker and the younger ones working with their own.

- The Mount Monadnock climb which had been done years before with Bill Gnade could not have been done on a more beautiful day. Jason Barden and Bryan Begley climbed to the top first and Meg Fontaine and Katie Slivinski reached it last.

- 100 parents and children came to the Pot Luck Supper which was open to the entire town. Chris Smith won the raffle which was a berry basket made at Playground with tissue flowers in it from one of the crafts. Activities during the evening included soccer, big ball, volley ball, and watching a video of Playground made at the annual Halloween Party besides Pin the Nose on the Pumpkin and the donut eating contest, a new game was introduced. Innocent victims sat in a booth while their "friends" tossed wet sponges at them.

- A medley relay was added to the Relay Race special event day; along with a special frog jump added to the mini races. The Dublin Road Race was improved upon with the addition of a pace car and better timing. Polly Stromgren Seymour lifeguarded at the boat landing.

- One of the nicest days and the quietest happened to be the 4 year day. 4 year olds were invited to officially come and join in the program to get a taste of what it would be like for next summer. After making their name tags, they played special games, were read to, made hand puppets, and bubble blowers and blew bubbles of all sizes. They blended in very well with the other children and will be fun to have this summer.

Richard Congdon received a blue Dublin Playground T-shirt for winning the road race for the third year in a row and was retired.

Certificates were given out to the 4 super blob winners; Jessica Lawler, Katie Slivinski, Bryan Begley, and Travis McKenna. Katie earned 4 blobs even though she missed two Mondays. Travis was presented with the book "Birds of New Hampshire 1909-1979" by Elliott and Kathleen Allison for earning a fifth blob.

Perfect attendance certificates were given out to five of the staff members' children - Meg and Nathaniel Fontaine, Sarah

and Travis McKenna, and Liz Lawler, Kate Cochrane was the only other child to receive perfect attendance, a remarkable feat considering she often had to arrange her own transportation.

The Dublin Playground wishes to give special thanks to Levere Plummer, and Mr. and Mrs. Glen Scribner. The Playground also wishes to thank Andy's Playhouse, Brian Barden, Barbara Bowen Dave Buren, Gary Brown, Brownie Troop #272, Jenny Aldrich, Liza Clark, Sierra Dennis, Anna Hanson, Melanie Hunt, Aerin Jenkins, Meredith Knight, Tanya Matson, Nica Pap, Anna Seaver, Eileen Smith, Jennifer Sussmann, Sarah Wolf, Katey Walsh, Jeff Cady, Carr's Store, and Conval.

The Playground also wishes to thank: The Dublin Community Foundation, The Emmanuel Church, The Highway Department, The Recreation Committee, The Town Library, The Dublin Women's Club, Mr. and Mrs. Yuan Duval, The First National Bank of Peterborough, Char Forester, Valerie Holden, Cynthia Jost, Jill Lawler, Ken McAleer, Betty McIntyre, Pat McKenna, The Mountain Messenger, the Peterborough Transcript, Jeanne Proulx, Bill Ray, Pam Snitko, Barbara Sovik, Cles Staples, Polly Stromgren Seymour, Ron Taylor, Video Headquarters, Wendy Wakeman, Ann and Dan Walsh, Rosamond Whitcomb, Edward Whitney, Gerald and Kathy Wolf, Dorothy Worcester, Yankee Magazine, and all the enthusiastic children and parents of the Dublin Playground.

Respectfully submitted,

Dee Fontaine

POLICE DEPARTMENT REPORT 1986

CHIEF:	Robert N. McLean
OFFICER:	Michael J. LaTorre
SP. OFFICER:	Peter S. Thomas
SP. OFFICER:	Gary R. Lessard
SCHOOL CROSSING GUARD:	Levere J. Plummer

EMERGENCY NUMBER 352-1100

1986 was a very difficult year for the Police Department. We have experienced a constant change in police personnel as many other communities have. Mandated training, Certification, and keeping current on all legislation effecting the police department results in a constant challenge.

I am pleased to say that Dublin did not have any fatals this year on our heavily traveled highways. I would like to think that the visibility of our officers and cruiser did prevent problems from occuring.

At present our full time officer Michael LaTorre is attending the 10 week Police Academy. Michael has 5 years experience as a special officer in Merrimac and Wilton Police Departments. He has been our full-time officer for the past 8 months.

It is impossible to mention all that has happened in the past year, although this department has arrested and successfully prosecuted 34 persons for Driving While Under The Influence of Alcohol and investigated 68 Auto Accidents, and of course hundreds of motor vehicle violations, plus an increase in misdemeanor and felony arrests.

We have continued to provide maximum police patrol with a minimum response time commensurate with financial constraints and personnel. Hopefully, the town voters will support an additional Full-time Officer in the years to come.

We certainly appreciate the high level of support shown this department by Dublin residents and Town Officials.

We have tried to give the best service possible with a high degree of professionalism, and hope that the Town agrees, that we have done so.

We would like to thank the residents of Dublin, Town Officers, as well as State, Sheriff, and Local Police Agencies for their support.

Respectfully submitted,

Robert N. McLean, Chief

HIGHWAY DEPARTMENT REPORT

The Highway Department along with many others was faced with a fierce, devastating ice storm March 14 and 15. Hardest hit areas seemed to be around Dublin Lake and the upper Jafrey Road. Clean up was started immediately. And again many thanks to Pam Snitko and the students of Dublin School, Frank White and many of the townspeople in the clean up operation.

With the mud season behind us we got some ditching done, a few culverts replaced or flushed out, roads graveled and graded.

Lower Wind Mill Hill Road, part of Page Road, Craig Road and Boulder Drive were shimed with asphalt and later oiled.

Winter sand was screened and stockpiled.

We finally got started plowing snow and have had plenty to do.

Respectfully submitted,

Gary Brown

REPORT OF THE CEMETERY DEPARTMENT

This cemetery annual report could read like a weather update.

In 1986 mother nature seemed to control most operations routine or otherwise. The famous ice storm started this year with devastation to the old cemetery trees. The essential clean up was done, consequently using up a 1/4 of the 1986 cemetery budget. At this early time of the year, we had to decide how financially the budget could bring us to the first snow fall. Mother nature helped by creating so much rain, the cemetery lawn and grave lot care was constantly hindered but saved money. Newly seeded areas would not grow despite new loam and frequent seeding, what a summer! Many thanks to the Dublin Christian Academy for another fine job raking the leaves, and I hope they will be back next year.

I am pleased that David Whitney will take over the job of superintendent of the cemetery starting in 1987. I thank everyone for their cooperation over the last eight years.

Sincerely,

Charles S. B. Pillsbury

REPORT OF DUBLIN FIRE DEPARTMENT 1986

1986 was an exceptionally quiet year for us. The total number of calls was just below a hundred with rescue calls amounting to 44% of the calls but only 20% of the time spent.

The 1986 town by-law pertaining to false fire alarms has done its job very well. Only one residence received over two calls during the year due to this regulation.

The new addition to the fire station is now complete with the firemen just about finished with the training room upstairs. The firemen are also painting the interior of the old part (not included in reconstruction bids). It has taken 27 gallons of white paint just to brighten up the ceiling! It is hard to imagine having all that equipment crammed into such a small space. The new addition has let us move the trucks apart for much easier egress and maintenance but the room upstairs gives us a place for training and monthly meetings that are a very important part of our job.

An ice/water rescue boat was purchased through donations by the Dublin Fire Company. The boat is on a trailer and is equipped for the ice, water and otherwise inaccessible rescue work. It carries 600 feet of nylon rope, oars, life preservers, and 4 hp outboard motor. This has been in the works for several years but we had no room for this piece until addition to station was complete.

All fire equipment, rescue, medical and forestry equipment has had regular maintenance during the past year. All trucks and radios are checked every Sunday morning at 10:00 A.M. and all equipment as well as vehicles are checked at least once per month by various department members on a rotating schedule using prepared checksheets. All equipment is in good shape except for the state owned 1953 International tanker. This truck carries nearly 1/2 of our water (1400 gallons) and is on its last legs. The truck has always been overloaded for a single axle vehicle and replacement parts are no longer available for this vintage equipment. This truck was out of service for 3 weeks last summer just looking for a new manifold gasket. Trying to rely upon this truck much longer is very foolish and could prove to be very costly! Much of the money is now in the capital reserve account for fire equipment and the truck should be replaced as soon as possible with a new 3000 gallon tandem axle truck designed for such work.

Although it has been an easy year for fire and rescue calls, the training never stops. Four EMT's went through their annual recertification and all members have completed their current CPR recertification. Regular drills are held each month (2 fire, 1 rescue) plus a monthly meeting the 1st Monday of each month.

Many hours have been spent over and above training on completion of the upstairs room and painting the interior of the old part of the station. Just putting the 27 gallons of paint on the ceiling was quite a chore in itself! The firemen receive no pay for this and could most likely do many other things with their time - but as always, the fire department comes first!

Donations to the fire company have helped purchase items such as the rescue boat, additional outside lighting for fires and accident scenes, materials to finish upstairs (the carpeting and installation was given by one resident alone), a new VCR and portable TV for training films and 15 new firecoats now on order for the firemens' protection. A large part of these monies also comes from the annual appeal, annual gas and steam engine meet and Services tent rentals by the fire company.

This next year will see the interior painting finished (open house planned for about 2 weeks before Town Meeting) and outside landscaping finished. All of our fire and rescue records are now being put on computer through the State fire marshall's office. This is required for all fires resulting in over \$5000. damage. It's a lot more work but it's a much better way to keep records and obtain the statistics when we need them. Also, a large part of our training is now covered on VCR tapes through the State of N.H. Fire Standards and Training Commission.

My thanks to all other town employees, department heads, Selectmen and residents for your continued support. A special recognition is in order for the firemen who this year have spent over 2,500 hours making Dublin a better and safer place to live.

Respectfully submitted,

Michael Worcester, Chief

REPORT OF TOWN FOREST FIRE WARDEN
AND STATE FOREST RANGER

Between July 1985 and June 1986, we experienced fewer fires than normal. The two leading causes of forest fires were again children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry Officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

FOREST FIRE STATISTICS - 1986

Number Fires Statewide	840
Acres Burned Statewide	751
Cost of Suppression	\$275,956.
District 35 Acres	
Town 0 Acres	

Respectfully submitted,

Brian Barden
Forest Fire Warden

Robert Burns
Forest Ranger

REPORT OF DIRECTOR OF CIVIL DEFENSE

1986 has been a quiet year. In March we had a severe ice storm which brought down a lot of trees. We also had a tornado go along the town line touching down several places in Dublin, uprooting trees. The damage was minimal to the homes in its path.

An emergency management plan is being revised. When completed it will be filed with the Civil Defense Agency in Concord.

Respectfully submitted,

Brian Barden

HEALTH OFFICER

1986 was again an active year for building and subdivision applications. Fifty one test pits were witnessed in addition to visiting a number of sites at the request of property owners or complaints relative to failed systems.

Other activities included:

Request from home owners for assistance in water testing

coordinating with State agencies the renovation of the septic systems at Beech Hill Hospital and the Kingdom

Ground water sampling at the Town Landfill

Facilities review for approval

Water sampling in Lakes and Streams

Respectfully submitted,

Pierce Hollingsworth
Health Officer

REPORT OF SITE INSPECTOR

In 1986 the number of new homes built has decreased. 22 new homes were built last year. 17 new homes have been built in 1986. The additions have increased. Last year there were 12. In 1986 there were 20. There were 4 new barns, 6 garages, and 1 swimming pool. The total number of applications were 50, one of which is waiting for approval and 2 were withdrawn.

I would like to remind everyone that a building permit is required for construction over \$1,000.00 in value. All new homes are required by State Law, to have smoke detectors installed.

The Permits issued in 1986 are as follows:

17 new homes	\$680,000.00
20 additions & renovations	\$332,500.00
4 barns	\$ 69,000.00
6 garages	\$141,500.00
1 swimming pool	\$ 4,000.00

Respectfully submitted,

Brian Barden
Site Inspector

CONVAL SCHOOL BOARD REPORT

The past year has been one of transition. After several years of dedicated service on the Conval School Board, Story Wright chose not to run for reelection. Attempting to fill her shoes has been a humbling experience.

The Dublin Consolidated School continues to serve the town very well. It is one of only two elementary schools in the district that is not projected to have crowding problems in the foreseeable future. In addition to the handsome landscaping work done by the Garden Club, a considerable amount of cosmetic work was completed inside the building by the school district staff over the summer. Also, more work is planned for next summer. During the Christmas vacation what little asbestos was in the building was removed according to the strict guidelines of the EPA and our school is now asbestos-free.

The resignation of Conval High School principal Ron Pacy just prior to the start of this school year necessitated some administrative changes. Assistant principal Charles Breiner was appointed Acting Principal for this school year, and a search committee will be formed to select a permanent replacement in the spring.

The Conval School Board adopted in spirit Superintendent Reidy's five-year plan which calls for a continuing program of teacher training, student testing and community surveys to determine what expectations residents have of their school system. This is an ambitious program and it will have direct impact on the budget requests for the next five years.

The Blue Ribbon Study Committee delivered its report just before Christmas, and the thoughtful document contains several recommendations. At least two of the Committee's proposals will be likely to appear as warrant items at this year's school district meeting in March. Certainly the most important proposal is the Committee's strong recommendation that the school district change its cost allocation formula. Currently the cost of the school district is apportioned to the individual towns on the basis of student population and the total assessed value of the town. The ratio is 75% on student population and 25% on total assessed valuation. The Blue Ribbon Committee urges that the allocation of costs be done only on the basis of assessed valuation, and that that change be effected by altering the current 75%-25% ratio 5% a year for the next 15 years. For example, if this recommendation is approved at the district meeting, the ratio for the following year will be 70%-30%, the year after that 65%-35%, and so on. The Committee is also recommending that the school district implement a merit pay plan for its teachers.

Finally, the Building Study Committee has been meeting for

well over a year to assess the space needs of the schools in the district. It appears that they are close to proposing a number of options to residents of the towns in the district. Watch for announcement of an informational meeting here in Dublin. That will be the time when the administrators and the committee members will want to hear your ideas.

All indications are that next year will be busier than last, so let me know if you have questions or concerns about the school district.

Respectfully submitted,

John Pierce, Dublin Representative
to the Contoocook Valley Regional
School Board

REPORT OF THE POST OFFICE COMMITTEE
1986

In 1978 the U.S. Postal Service (USPS) lease on the Yankee-owned building behind the Firehouse ran out, and the Service rented the Town-owned former Women's Club building on a "temporary" basis while it looked for a new site.

In October 1983, at a meeting of the Board of Adjustment, a Special Exception was granted for use of a subdivision of land on the north side of Route 101, next to High Standard, Inc., to allow construction of a Post Office in the Rural District. The Board's position was that the various objections expressed by abutters present at the meeting, favoring better locations for a Post Office than that site, were not proper concerns of the Board, and that those objections would be addressed by the Planning Board at the time of approval, or disapproval, of the subdivision. Few residents were aware of the USPS plans at that time.

In October 1984 the USPS took an assignable option to purchase the two acre plot in question, on which it planned to have its new Post Office constructed by a successful bidder. Plans for the building and ground layout were started.

On September 5, 1985 the Planning Board's agenda included an item for the approval of the subdivision referred to above. So many question were asked by the 46 citizens present at the meeting, and there was so much feeling expressed that Dublin residents were not being given sufficient "say" in the Post Office location, that the Board delayed consideration until its meeting of September 19, 1985. At that meeting the Board, on the advice of counsel, concluded that the 1983 Special Exception allowing a Post Office in the Rural District was still in effect; that the Board had no basis for denying subdivision approval; that Site Plan Review determines how a facility is built, but not where; and that any concerns about Post Office location should be directed to the USPS, not the Board.

The basic objections to the subdivision site at that time were that a Post Office, at certain times of day a center of activity in a town, located outside of the congested area of the village, would attract strip development east on Route 101; that the Dublin Master Plan envisaged Dublin growing north and south of Route 101, not east and west for that very reason; that the location was far from ideal with poor sight lines, a curve and rising ground on the east which would make entrance hazardous, and with no provision for a sidewalk for pedestrians.

Opposition to the location, and the Planning Board's position, resulted in a petition signed by 79 residents, asking for a Planning Board Public Hearing on the matter. This was held at 6:00 P.M. on Sunday, October 27, 1985 with over 75 residents present. No one spoke in favor of the subdivision site, and many wanted time to explore other possibilities, such as the area between the Library and the Town Hall. Sketches and rough estimates had been prepared by some opponents of the subdivision site, showing a platform at road level between the Library and Town Hall, with parking and a Post Office building constructed on the platform, and a Meeting Hall and extension of the Library underneath at the same level as the lower floors of the Library and Town Hall. However, the Planning Board felt that it must approve the subdivision, which it did at a subsequent meeting.

In November 1985 the opposition circulated a petition asking support for a delay and a chance to propose alternate sites. 171 residents signed the petition. Armed with this show of support, and with the help of Congressman Judd Gregg's office, a meeting was arranged for December 20, 1985 with Mr. James Howard, District Manager of USPS in Manchester, N.H. Mr. Howard agreed to a 90 day postponement in final closing on the subdivision site. This postponement allowed just enough time for some other site, or sites, to be proposed and voted upon at the Dublin Town Meeting on March 15, 1986.

On December 23, 1985 the Selectmen appointed a five member Post Office Committee, to present suggestions to the Town for three alternative sites, and to handle contacts with the USPS. Four additional members were added in the first week of January 1986. Encouraged by the fact that the neighboring town of Hancock was going through the same Post Office location process and was apparently having success in persuading the USPS to use a remodeled, town-owned, former Grange Hall in the center of town, rather than construct a new building on the outskirts of town, the Committee set to work.

During the first three weeks of January 1986 a plot by plot examination of property from the old Common at the top of the hill, down Main Street to High Standard, Inc., resulted in narrowing down the possibilities to four - the so-called "Town Hall Square" location on a platform between the Town Hall and the Library; the Cormack land on the south side of Route 101 back of the former Sharkey, Mason and Pellerin properties; a remodeled Women's Club building with entrance on the side next to the Dublin Village Store property; and a location on the Village Store property itself.

On January 22, 1986 the Post Office Committee called a meeting with the Selectmen, Library Trustees, Budget Committee,

Planning Board, Board of Adjustment, and the Conservation Commission to get opinions on the suitability of the above sites. Members of the Committee described each of the sites and showed rough sketches and land surveys. At the end of the meeting those present, by a vote of 30-1, urged the Committee to continue investigation of an alternate site. In a straw vote, they favored the remodeled Women's Club building first, Cormack property second, "Town Hall Square" third, and the Village Store property and the subdivision lot tied for last. On January 28, 1986 Robert Dodge, Division Engineer, Department of Public Works and Highways, wrote giving his department's preference as far as traffic eas concerned. His preference exactly matched that of the straw vote above.

At this point things began to move very quickly. The basic plan for financing a town-owned Post Office was that rental from the USPS must cover finance charges for a long term note, and that the amount borrowed, plus contributions, must cover all construction costs, so that there would be no effect on the Dublin property tax rate. On the basis of a rough estimate by one contractor of \$83,000 to remodel the Women's Club building, a figure of \$95,000 to be borrowed was decided upon. A Note of over \$100,000 would have required a Public Hearing with advance notification and strict scheduling dates, for which there was no time prior to Town Meeting.

On January 28, 1986 the Post Office Committee met with the Budget Committee to obtain preliminary approval and comments for including an item for a \$95,000 long term note, for a Post Office, in the Town Budget and Warrant. The Budget Committee was favorable provided the figures could be worked out satisfactorily.

On January 31, 1986 members of the Committee met with Mr. Howard to bring the USPS up to date on what the Committee had done since the beginning of the 90 day postponement, and to get his comments on the two sites under most active consideration - a remodeled Women's Club building, and the Cormack property. The "Town Hall Square" site, although having the advantage of putting the Post Office back in the middle of the village, appeared to have insurmountable engineering and economic problems. Because of the favorable reaction on the remodeled Women's club building at the various meetings, the feeling of the USPS was especially important. The USPS officials agreed that it was a workable plan, and Mr. Howard stated that the USPS would like to put the Post Office where the Town wanted it, if possible.

On Sunday, February 2, 1986 a Public Informational Meeting was held at 5:00 P.M. at the Town Hall, at which 64 residents were present. Notice had been sent to all Dublin residents

on January 28. Three sites were discussed, although it was explained that "Town Hall Square" had economic and engineering problems which ruled it out, at least for this use. A show of hands at the end of the Meeting supported the Committee unanimously for continuing negotiations with the USPS on the Women's Club site, and for including the \$95,000 note in the Town Budget.

On February 3, 1986 the Budget Committee voted to include the \$95,000 note in the Town Warrant and Budget. At a February 20 meeting with the Planning Board the Committee's preliminary plans for the Women's Club building met general approval. And the Committee was pleased to receive a letter dated 2/28/86 from the State Historic Preservation Officer supporting the use of the Women's Club building for a Post Office from an Historic Preservation point of view.

The effort of the Committee now focused on the Women's Club site. Vorce, Soney and Associates of Jaffrey were hired, in conjunction with Mr. Dill owner of the Dublin Village Store, to do a comprehensive land survey of the Store and Women's Club properties in order to provide plot plans adequate for USPS layout purposes and Dublin's Site Plan Review procedure. Richard Monahan, the architect for the remodeling of the Dublin Town Hall, was asked to make preliminary sketches of the remodeled building and parking lot which could be presented to the Town at Town Meeting. Two banks in Peterborough and four in Keene were contacted for quotations on principal and interest repayment schedules with respect to a \$95,000 ten year and fifteen year note. A Letter of Intent concerning an Easement for use of part of the Dublin Village Store property for access to a remodeled Women's Club building plus Post Office parking was obtained from Mr. Dill.

In preparation for the two-thirds vote at Town Meeting, required to approve a \$95,000 note, an informational mailing was prepared and sent to all residents on February 26, 1986. This contained a sketch of the proposed entrance to the remodeled building, a parking layout and entrance diagram. Reasons for believing that this was the best solution to the Post Office location problem were listed. At this time, however, a petition was being circulated in the Bonds Corner area opposing the plan, primarily on the basis that the Town could find another use for the Women's Club building, and should stop being a landlord to the USPS as it was at present. So the outcome of the vote was not a foregone conclusion.

At the recessed Town Meeting, held on March 19, 1986, Warrant Article 16 asked whether the Town would vote to authorize the Selectmen to renovate the Women's Club building for

use as a Post Office, improve proposed common driveways and parking facilities on adjoining land to the east, having first secured an easement from the property owner, borrow a sum not to exceed \$95,000 as well as accept contributions toward the project, and execute a lease with the USPS. A member of the Committee described the plan, how it would be financed, and that an affirmative vote would allow the Committee to further develop its plans, negotiate with the USPS and present a proposal at the time the USPS put the project out for bid, all subject to the approval of the Selectmen. The wording of the Article provided that the rents received must cover the repayment of interest and principal per year, so that there would be no effect on the tax rate. The Article passed 169 Yes, 49 No, satisfying the two thirds vote requirement.

During February and March the Committee had responded to various comments by the USPS on plans previously furnished, making changes requested in the interior and exterior of the building, loading ramp, handicapped entrance and parking lot. No concrete approvals or disapprovals had been received since the USPS was apparently waiting for the results of the Town Meeting vote. USPS requirements include review and approval of property layout plans by a registered civil engineer. Accordingly, Dion Engineering Co. of Marlborough, N.H. was engaged in late March to review our proposed plans with specific reference to best possible entrance/exit arrangement, parking space alignment, and water drainage provisions in accordance with the New Hampshire codes. Several modifications were proposed and forwarded to the USPS on April 14, entitled Preliminary Design #3.

On May 2, 1986 the USPS advised that a Request for Bids for a new Dublin Post Office would be advertised within two weeks. It would be under their "Open Advertising" procedure so that anyone could respond with a proposal based on a site or building he owned or controlled. The assignable option site would be available to anyone in bidding with that site in mind. The Request for Bids appeared in the May 19, 1986 issue of The Keene Sentinel, stating a closing date for receipt of proposals of June 16, 1986.

A Bid Package was sent for immediately and closely examined. It called for a bid quoting on a Basic Lease Term of 10 years and four consecutive Renewal Option Terms of five years each, the "option" being that of the USPS. The total period of the lease could therefore be for thirty years. There were many clauses to be studied and meetings held to determine a reasonable and economically feasible rental to be quoted for each of the five terms. Dublin's Proposal was reviewed by Counsel, signed by the Selectmen on the morning of June 16,

and hand carried to the USPS office in Newmarket, N.H. that afternoon.

The Committee had been expecting an early reply, but a re-organization of the Manchester Division of the USPS took place at this time. A new District Director, Ray D. Stewart, took Mr. Howard's place. This meant delay while he became acquainted with ongoing projects and visited the area. There were apparently at least two other bids in addition to Dublin's, both making use of the assignable option land. When no answer was forthcoming by the middle of August the offices of both Congressman Gregg and Senator Rudman put in a work, and at the middle of September the Committee was advised that the proposals had been analyzed by the Real Estate Department and sent on with recommendations to Mr. Stewart in the Operations Department.

On September 25, 1986 Mr. Stewart forwarded a copy of a letter from a title guaranty company, addressed to the Real Estate Department, declining to insure title of the Women's Club building for Post Office occupation because of a reverter clause in the 1950 deed from the Trinitarian Congregational Society to the Dublin Women's Community Club. This matter had been brought up by various opponents to the plan in the past, and had been looked into thoroughly by two members of the Committee. The reverter clause states:

"...It is a condition of this deed that if the Grantee or any successor to its title shall cease at any time to use the premises conveyed for a club house and for community benefit in general, title shall revert to the Grantor, its successors and assigns."

The Committee's reply to Mr. Stewart of September 30, 1986 noted that the "Grantor" no longer existed and that there was no organization which could claim to be "its successors and assigns"; that part of the building would still be available for Women's Club use, as it is now; that a Post Office is certainly a "community benefit", giving seven reasons why use of the building as a Post Office is to the benefit of the community; and that reluctance on the title company's part to insure might reflect marketability of title for purposes of sale, rather than assurance of continued quiet possession which is what the USPS is interested in; and that title insurance against disturbance of possession, if wanted by the USPS, could be obtained.

Proceeding along those lines, Mr. Stewart was advised on October 28 that a Title Insurance Company was willing to insure title under provisions which were acceptable to the Town and

compatible with Dublin's Proposal. The Committee asked for a meeting with Mr. Stewart as soon as possible. This meeting was held on November 7, in the course of which Mr. Stewart advised that Dublin's Proposal had received "Operational" approval, and that the decision was now up to the Real Estate Department. While the meeting was in progress, the Real Estate Department called Mr. Stewart to say that it also approved the Proposal with only a few minor points to be negotiated. The Committee was asked not to say anything until a public announcement could be made.

Again, no further word was heard from the USPS for some time. Finally, after a call to Mr. Stewart, the Real Estate Dept. asked for a meeting on November 21. That meeting was cancelled by bad weather and rescheduled for December 4, 1986. The Committee met with Mr. Martin F. Smith, the Real Estate Specialist with whom it had been dealing during the past year. The "minor points" which the Real Estate Department wished to negotiate turned out to be a request for a substantial decrease in each of the five Term rental amounts, plus a possible reimbursement for expenses the USPS had incurred on the assignable option property. The Committee was surprised.

Mr. Smith also advised that his engineers had other changes that they wished to make, and that he would forward the revised prints as soon as he received them. The Committee advised him that in view of the fact that delays had been such that its cost figures for construction and financing were over six months old, and that he now had changes he wished to introduce, the Committee could not talk about any reductions in rental figures until it had examined the new drawings, checked with the architect and contractor, and reviewed financing with the bank. The meeting closed with Mr. Smith's statement that he would send the new drawings along as soon as he received them but that probably not much would be done until after the holidays. On the evening of that day, December 4th, the Planning Board held a Site Plan Review, with Mr. Dion of Dion Engineering answering questions on the engineering aspects of the site plan. The plan was approved.

The Committee immediately obtained revised, up-to-date financing figures from a bank, but nothing more was heard from the USPS as 1986 drew to a close. The Committee is waiting for the new drawings and will act to obtain them if they are not received shortly.

During the year the Committee held thirty-two (32) publicly posted meetings in the Dublin Town Hall. Minutes were kept and are on file in the Selectmen's Office. In addition, innumerable meetings, telephone conversations etc., were held with architects, engineers, surveyors, banks, and Town Boards by various

members of the Committee from time to time in preparing Dublin's Proposal. We hope that next year will bring all this effort to a successful conclusion.

REPORT OF THE TOWN CLERK
DUBLIN, N. H.
YEAR ENDING DECEMBER 31, 1986

TOWN OF DUBLIN
DUBLIN, NEW HAMPSHIRE 03444
ORIGINAL TAX COLLECTOR'S WARRANT - PROPERTY TAX

THE STATE OF NEW HAMPSHIRE

CHESHIRE COUNTY.....SS

To Anita J. Crowell, Collector of Taxes for the
Town of Dublin in said County.

In the name of said State you are hereby directed to collect the taxes in the list herewith committed to you, amounting in all to the sum of \$591,273.07 (Five Hundred Ninety One Thousand, Two Hundred Seventy Three Dollars and 07/100) (\$591,273.07) with interest at 12% from the 25 day of July 86 next on all sums not paid on or before that day.

And we further order you to pay the same, when collected to the Treasurer of said Town on or before the last Monday in every month.

The list on the following pages is a correct list of the assessment of the County, Town, Highway and School taxes for the year 1986, upon the ratable estates in said Town of Dublin, and of all taxes assessed on the real estate in said Town of Dublin, or persons and corporations not resident therein, as made by us, the Selectmen of said Town of Dublin.

Given under our hands and seal, at Dublin, New Hampshire, this 16 day of July in the year 1986.

Theresa A. Hastings, Chairman
John J. McKenna
Robert W. Krogman

The Selectmen of Dublin, New Hampshire give notice that they have delivered to Anita J. Crowell, Collector of Taxes, a correct list of the taxes, together with a Warrant in due form of law for collecting the same.

Theresa A. Hastings, Chairman
John J. McKenna
Robert W. Krogman
